## AUTO HITS TRUCK AT CROSS ROADS

Mrs. Sylvia Headlee of Gowdy Most Seriously Hurt of Three Riding in Touring Car

### BABY NOT BADLY INJURED

Husband, Who Was Driving Machine That Struck Rear End of Live Stock Truck, Slightly Hurt

Mr and Mrs. Sylvia Headlee and their three-year-old baby, residents of Gowdy, figured in an automobile accident Friday evening at a cross road west of Milroy, resulting in Mrs. Headlee being painfully injured about the face and head.

The woman was brought to the Dr. Sexton hospital in this city, after receiving first aid treatment by Dr. W. T. Lampton of Milroy, and after being unconscious for several hours, she rallied and this morning was reported to be getting along nicely.

The baby was thrown clear of the wreckage, and escaped with only bruises and cuts, and Mr. Headlee was bruised about the body and hurt about his chest, but no ribs were fractured.

Mrs. Headlee was believed at first to have suffered a fractured skull, but an examination at the hospital failed to reveal any fracture. It was necessary to take several stitches to close up the various lacerations on her scalp and face.

The accident happened between 7 and 8 o'clock last night at the Garner cross roads, which is noted as the scene of accidents. Last winter a school hack was overturned in a collision at this crossing, and many machines have been ditched in accidents here.

The Headlee machine, which was a large roadster, was said to have been driven at a rapid rate of speed south on the Moscow pike. The truck was loaded with stock and was from the Carr garage in Milroy, headed for the stock yards in Indianapolis. Clarence Darnell was the driver.

The cross roads is located 4 miles west of Milroy, and  $\frac{1}{2}$  mile north of Moscow. The truck had almost cleared the cross road intersection, when the Headlee machine loomed up, and struck the rear end of the truck.

The force of the impact caused the truck to be turned crosswise in the roads, and the roadster was thrown into the ditch, badly damaged as the result of the sudden crash. The accident happened between 7 and 8 o'clock last night at the Garner cross roads, which is noted as the scene of accidents. Last winter a school hack was overturned in a collision at this crossing, and many machines have been ditched in accidents here.

## THIRTY-FIVE BOYS ARE READY FOR CAMP

More Cots Will be Needed as Only Two Have Been Offered For Use Next Week

### FIRST TENTS GOING UP SUNDAY

One more boy has registered for the Rush county boys camp which will open along Blue River, west of Morristown, Tuesday morning, making the total qualifying for admission to the camp thirty-five. The last boy to enter was from the vicinity of Manilla.

Tents belonging to Company C, Indiana National Guard, of this city which were loaned by Captain Will B. Brann of this city, will be taken to the camp site Sunday and some of them will be erected so that a few persons can stay in camp over night and take care of the equipment.

Albert F. Cotton, director of physical education in the Rushville public schools, will be on the job Sunday and will be joined Monday by D. R. Merrill, scoutmaster of the Rushville Boy Scouts. They will direct the camp activities.

The remainder of the tents and the kitchen and dining room will be erected Monday so that everything will be in readiness for the boys Tuesday.

More cots will be needed, as the camp organization owns only thirteen and only two have been offered for the camp. Persons who have cots and are willing to loan them are asked to notify the George C. Wyatt and company furniture store.

## THE BARRIER

## CONTRACTORS ARE VIOLATING A LAW

In Many Sections Contractors Fail To Erect Proper Barricades And Do Not Mark Detours

### LAYING THEMSELVES LIABLE

Law Provides Heavy Penalty For Failure And Each Day Of Such Failure Is Separate Offense

Reports from various sections of the state to the Hoosier State Auto Association, the state-wide organization of automobile owners, indicates that in many places road contractors are wilfully or otherwise violating the law concerning barricades and detours, according to a statement issued by the auto association. "The detour law of Indiana is a safety measure prepared and backed before the legislature by our organization, designed to make travel more safe throughout the state," the association says. "Yet we are finding in many sections that contractors fail to erect proper barricades and utterly neglect to mark detours in both directions all the way around a section of road that is under construction. There is a heavy penalty for such failure or neglect and each day of such failure constitutes a separate offense. It will be seen that the careless or indifferent contractor is laying himself liable and it is only because we have hoped that all contractors would willingly enter into the spirit of this law that no action has been taken to enforce the penalties on some who have seemed quite wilful in their violation of its provision."

The association points out that it has offered to supply contractors throughout Indiana with suitable detour arrows which would be of assistance to them in marking routes around a closed road. "Many contractors have taken advantage of that offer, which costs them nothing," the association says. "We still repeat that offer and hope to see more contractors take advantage of it. Last year we sought to carry on a campaign of education in this matter. This year it would seem that more vigorous measures may be indicated in the premises. In carrying out this idea, we appeal to our members everywhere in Indiana to see to it that roads closed for construction work have proper detours. This they can do by taking the matter up direct with county officials whose duty it is to insist that the contractor carry out the pro-

## Ivy Lodge, Knights of Pythias, to Observe Fiftieth Anniversary Of Its Birth July 23

Golden Jubilee Falls on Regular Meeting Night and Local Lodge-men Will Celebrate in Fitting Manner. Two Charter Members Still Living and Two Others Have Been Members of Ivy Lodge Half a Century.

Ivy Lodge 27, Knights of Pythias, will celebrate the fiftieth anniversary of the presentation of its charter in Rushville on Monday, July 23, and a special program of events is being planned for that day, and many notable officers of the grand lodge and state lodge will be here to share in the Golden Jubilee.

The progress of the order during its fifty years has been most remarkable, and today it ranks as probably the greatest in membership of any fraternal order in the country, with the membership near the 500 mark.

The early struggle of the local lodge was one that required much endurance, but in about 1895 the lodge became financially able to purchase a building for its own use, which stands today as a memorial to the lodge, fully free of any debt.

Two members of the chartered class are living today, Homer Gregg of this city and Samuel A. Glare of Indianapolis. The lodge also has two other fifty-year members, who were taken in during that year, and who are survivors of that period. They are Selman Webb of Rushville and Oren Behar of Center township.

The Rushville order was organized on March 4, 1873, in rooms on the third floor of a building in East Second street, now occupied by colored Masons. After they organized, they made application for a charter, and those who signed the petition for the charter were John F. Behar, John Carroll, Frank Tingley, Homer Gregg, John W. Wilson, Simon Cline, William O. Brown, John H. Brown, John P. Guffin, Samuel A. Glare and Tony Michael.

The charter was received and presented on July 23, 1873, which accounts for the Golden Jubilee celebration which is planned for a week from Monday.

In those early days when the lodge membership numbered less than 20, all of the members "pitched in" and helped rebuild the interior of the lodge hall to conform with the rank and after meeting in the third floor of the building for a number of years, the lodge required larger quarters, and they moved to the

K.O.P. BUILDING

third floor of the Behar building, now over the Johnson drug store.

The lodge continued to grow, and in the early part of 1890 suffered a severe loss when their rooms were damaged with water during a fire in the building.

The lodge, however, was among the most active in the state even in those early days, and they went on record as having fostered other lodges, and installed them in Laurel, Milroy, Morristown, New Palestine and Cartage.

On one occasion they were

to assist in the ceremonies at Knightstown, when Richmond was

scheduled to confer the work, but a

wreck on the railroad prevented

Richmond from attending, and Rushville again had the honor of installing the lodge. The Cartage lodge

has ceased to exist, but the Milroy

lodge is still flourishing.

In the year 1895 the lodge decided

to expand, and they purchased the

old Christian church building at the

southwest corner of Second and

Morgan streets, and remodeled the

building into headquarters which

they have since occupied.

The building at first was not

occupied solely by the lodge, but the

first floor was used as an office

building for the printing shop of the

Republican Company. In later

years the lodge needed more space

and the building was remodeled and

appears today as it does in the

accompanying photograph.

The mortgage on the vast dept incurred in the purchase of the building, as well as the several times that it was remodeled, was

burned a evoudle of years ago. Put-

## CORN AND WHEAT ARE BELOW THE AVERAGE

Condition Of Two Crops In This County Not Up To Standard, July Report Shows

### CORN 87 PER CENT OF NORMAL

The condition of the corn crop in Rush county is eighty-seven per cent of normal, according to the July crop report for Indiana, which is less than the average of the whole Indiana crop, estimated at eighty-five per cent.

The Rush county corn crop averages up better than most of the counties in this vicinity. Both Shey and Madison counties' crops are estimated at 83 per cent of normal, and Hendricks, Howard and Marion are put at 78 per cent. Hancock and Johnson, however, are estimated to have corn that is 93 per cent of normal and Bartholomew is not far behind with a crop that is only ten per cent below normal. Fayette is estimated at 93, Henry at 91.

The condition of the Rush county wheat crop is estimated at 78 per cent of normal, which is little under the average for this section of the state. Johnson is 90 per cent, Shelby is 84, Tipton is 91, Fayette 86, Henry 83, Bartholomew 91, Decatur 92 and Hancock 93.

The condition of corn all over the state is estimated at 85 per cent of normal and wheat is estimated to be 16 percent below normal in the state taken as a whole.

## TO ATTRACT PEOPLE TO PARK

Young Men's Circle Social Changed For This Reason

The ice cream social to be given by the Young Men's Circle of the Main Street Christian Sunday school, Monday evening, was changed from the church lawn to the city park at the suggestion of Walter F. Easley, member of the city park board, who believed that it would be a good opportunity to attract people to the city park to see the improvement that have been made there.

The Young Men's Circle band will provide music throughout the evening and other entertainment will be provided. The class will use the proceeds from the fete to help meet the expenses of a campaign for members which they have had underway for some time.

## ANNIVERSARY OF BATTLE OBSERVED

Bloody Champaign Conflict in 1918 And Bastille Day Both Celebrated In Indianapolis

### GEN. COURAUD TO BE HONORED

French War Hero Will Be Elected Honorary President Rainbow Veterans' Association

Indianapolis, Ind., July 14—The Rainbow division, in annual convention here, today celebrated the anniversary of the bloody Champaign battle of 1918 and joined with General Henri Gouraud, French hero, in celebrating Bastille day, the anniversary of French independence.

General Gouraud will be elected an honorary president of the Rainbow Veterans' Association today. He is the first man who was not actually a member of the famous American fighting division on whom this honor has been bestowed.

The general was the center of interest from the time of his arrival yesterday. State, city and military officials gave him a formal reception.

Crowds cheered him, and the veterans went wild as he rode along the street and acknowledged their salutes with his left hand—his right sleeve hangs empty at his side.

General Pershing was to reach Indianapolis this morning. The two generals will lead the military parade this afternoon and speak at a banquet tonight.

Hundreds of veterans drove through from neighboring states.

The Illinois crowd was large and lusty, making the streets ring with their songs. Ohio sent several hundred. Wisconsin, Minnesota and

## OPEN ROAD WEST OF INDIANAPOLIS

State Highway Director Announces National Road May be Traveled as Far as Mt. Meridian

### NEW DETOUR NOW IN EFFECT

To Complete Pavement by August 15 on Road Between Indianapolis and Illinois Line

Indianapolis, Ind., July 14—The National road west of Indianapolis is now open from the Capitol to Mt. Meridian, John D. Williams, state highway director announces. Mr. Williams points out that since work started this year closing the last gaps in this road, traffic has detoured at a point about 4 miles west of Stilesville.

C. Gray, chief engineer, gives the new detour now in effect as follows:

Detour on angling road northeast of Mt. Meridian for about 2½ miles to the intersection with north and south road; thence south about  $\frac{1}{4}$  mile to the first road running west; thence west 2 miles to the Bloomington road; thence south about  $1\frac{1}{2}$  miles to the National road. This new detour is marked with standard detour signs.

The National road will be opened to traffic over the new Reeslesville cut off by August 15 which will mark the elimination of all detours on this road west of Indianapolis, Mr. Gray says.

According to highway officials with proper weather for laying of concrete, the pavement will be completed by August 15 on the National road between Indianapolis and the Illinois line with the exception of two gaps of a total length of approximately 1½ miles. These are grade separations across the Monon railroad at Putnamville and Glenn crossing over the Pennsylvania railroad. The Pennsylvania Company will this week receive bids for the latter separation, and construction will begin this season. Mr. Gray points out that the Deer Creek bridge at Putnamville will not be paved until after Monon grade separation is perfected.

## ADAPTS TWO NOTABLE STORIES FOR SCREEN

Tom J. Geraghty Responsible For "Hollywood." Late Release, And "The Covered Wagon"

### PRAISE FROM PRES. HARDING

Tom J. Geraghty, former Rushville newspaperman, who is now associated with the Famous Players-Lasky corporation, has just finished two notable productions for the screen, "The Covered Wagon" and "Hollywood." Both pictures he adapted for the screen, and they have just been released. The early scenes of "Hollywood" are laid in a small Indiana village, and it may be presumed that the author worked in Rushville in some manner. Speaking of the picture, Anita Loos, a well known scenario writer, wired Mr. Geraghty as follows:

"Just saw the greatest screen comedy of all times and wept a couple of tears, too, at the finish. Million congratulations on "Hollywood."

"The covered Wagon" was given considerable praise by President Harding on July 3, in a speech he delivered at Meacham, Ore. The tribute was especially remarkable, coming from the president, as it was delivered on the Old Oregon Trail to children of the men and women who made the trip to Oregon in covered wagons.

### ONE WEEK OF KINDERGARTEN

The kindergarten class of Miss Elizabeth Waite, which has been holding forth this summer at the Jackson school, will continue next week, finishing the eight weeks summer course for the 30 youngsters between the ages of 3 and 6 years. The display of their work is now being made in the window at the George C. Wyatt and Company store.

## FARM MORTGAGES SHOW INCREASE

Director For Research In Land Economics Finds Owner-Operated Farms Need Money

INCREASES EACH YEAR

Interest Rates Lower In Wisconsin And Highest In Texas, New Mexico And Montana

Madison, Wis., July 14.—Interest rates on farm mortgages are lower in eastern Wisconsin than in any other part of the nation, and highest in Texas, New Mexico, and Montana.

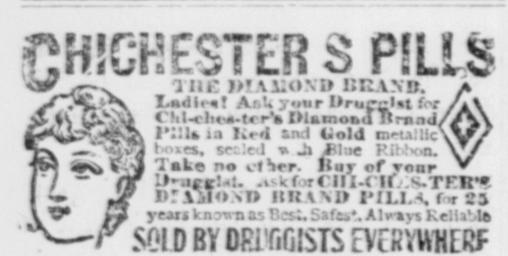

The figures show a big increase in the percentage of "owner-operated" farms under mortgage.

These are the findings of the institute for research in land economics, of which Prof. R. T. Ely, University of Wisconsin economist, is director. Figures of the 1920 federal census were used in the compilations.

"In east central Wisconsin, where the rate is from 4.6 per cent to 5 per cent, there is found an intensive dairy section inhabited by a thrifty class of farmers of foreign descent," the institute comments.

"Further study reveals the fact that from 70 to 90 per cent of the money borrowed comes from the community indicating a surplus of local capital.

In the southern part of Texas,

### NEXT BIG FIGHT TO BE LABOR DAY

Dempsey And Firpo Will Meet For Heavy Weight Championship, Tex Rickard, Promoter, Announces

#### REAL BATTLE IS EXPECTED

New York, July 14.—Dempsey and Lewis Firpo will meet for the heavyweight championship on Labor Day, Tex Rickard promoter of last night's record breaking fight, said today.

Rickard has not decided on the place for the fight but he intimated that he will stage the fight in the ring where Firpo knocked out Jess Willard last night.

Jack Kearns, manager of the champion, said he wanted a fight with Firpo on Labor Day and was not particular where it was to be staged.

This Firpo is a strong ragged fellow and a natural fighter. He will give Dempsey a great fight, Kearns said.

Rickard said he was willing to estimate that the crowd was more than 100,000 and that the receipts would be at least \$600,000.

Willard's share of the purse will be around \$160,000 and Firpo will draw around \$120,000 for his end.

### NEED INSANE HOSPITAL

Unfortunate Insane Should Be Taken Care Of In Indianapolis,

Indianapolis, July 14.—A psychopathic hospital is urgently needed in Indianapolis for the better care of the insane, according to Dr. William King, secretary of the state board of Health.

"If for no other reason than that of humanitarianism, the unfortunate insane should be better taken care of in Indianapolis and in the rest of the state as well," he said.

With a view to fulfilling at least partially the plan of Dr. King, funds for the establishment of a psychopathic ward at the City hospital will be asked in the next budget of the city board of health, Dr. Herman G. Morgan, city sanitarian, has announced.

It is estimated that \$50,000 will be sufficient to provide for a trained psychiatrist and ten other employees and nurses for the year.

The plans are to have the ward accommodate from thirty to forty patients.

### SURVEYS WATER SOURCES

Board Of Health Laboratory To Complete Investigation July 15

Warsaw, Ind., July 14—Surveys of lakes, streams and wells, sources of water supplies in Kosciusko county will be completed by the traveling laboratory of the Indiana state board of health July 15.

I. M. Miller, chief of the division of chemistry of the state board of health and L. A. Gempel, director of water and sewage department visited Warsaw and assisted in the survey here.

It has been recommended that pollution of an old canal by the Warsaw Gas Co., be stopped. One public drinking well at Winona Lake was condemned.

Wells generally in Warsaw and Winona Lake were found to be producing pure and wholesome water. Surveys will be conducted at all of the lakes in northern Indiana.

### TODAY'S LIVESTOCK

Eleven thousand hogs were received on the Indianapolis livestock market today and prices were ten to fifteen cents lower. The bulk of sales was \$7.40 to \$7.60, with heavies selling at \$7.40 to \$7.50. Medium and lights were quoted at \$7.50 to \$7.60 and extreme lights at \$7.75.

There were 200 cattle on the Indianapolis market and prices were steady to strong. Calves topped the market at \$12.50, with 400 receipts.

Chicago reported 26,000 hogs with the top at \$7.60 and the bulk of sales at \$7.50.

There were 25 cars of hogs on the Buffalo market. The top price quoted was \$8.00 and the bulk sold at \$7.50 to \$8.00.

#### Little Canning Done

Indianapolis Ind., July 14.—While Indiana this season had one of the best crops of cherries in a good many years, an unusually small proportion of the crop was preserved and canned by housewives, according to Frank N. Wallace, state entomologist.

The expectation was that pantry shelves would be lined with rows of canned cherries and preserves when the big cherry crop began to ripen, Wallace said.

The chief reason for the small amount of canning done was the high price of sugar, and Wallace said a mistake was made in not canning the cherries without sugar, and leaving them to be sweetened when they are opened.

Inquiry develops that the same condition exists generally in Rushville and throughout Rush county. Though cherries and berry yields have been large, canning has not been general.

#### GOV. MCRAE INVITED

Indianapolis, July 13.—An invitation has been extended to Governor McCray to speak at a meeting of the Lincoln club in Fort Wayne next month.

State of Indiana, Rush County, ss:  
Lona Chowning vs. Halbert R. Chowning, alias Albert R. Chowning. In the Rush Circuit Court, May term, 1923. Complaint, petition to annul marriage.

Notice is hereby given the said defendant, Halbert R. ## PERSONAL POINTS

—Miss Lucille Geraghty visited friends in Indianapolis Friday evening.

—Mrs. Lee Endres and children have returned from an extended visit with relatives at Peru, Ind.

—Mr. and Mrs. E. E. Mane of Chicago, Ill., are visiting Mr. and Mrs. Richard Abernathy, living south-west of Milroy.

—Mr. and Mrs. Jake Alter of Indianapolis and Will Alter of Kokomo Ind., attended the funeral of George Alter at Moscow Friday.

—Mrs. Edward T. O'Neil of this city and her guest, Miss Helen Cleary of Muncie, were among the visitors today in Indianapolis.

—Edward Sentman left Friday evening for Pittsburgh, Pa., where he has accepted a position with the Westing House Electric Co.

—Mr. and Mrs. George Endres of Bloomfield, Ind., who have been spending several months in the west, are the guests of their son, Lee Endres, and family.

—The Misses Mary and Nora Sleeth of this city and their sister, Mrs. Charlotte Farrar, of New York City, have returned to this city after a few days stay at Turkey Run, state park.

—Miss Arabelle Baker has returned to her home in Brazil, after

## CHANGE OF LIFE

**Florida Lady Was in a Miserable Condition, But Says She Found Cardui Helpful, and Got Well.**

## BURKE, IDAHO IS DESTROYED

**Property Valued at \$1,000,000 is Demolished by Fire**

Altha, Fla.—In explaining how she found Cardui so helpful during change of life, Mrs. Ella M. Bailey, of Route 2, this place, said:

"I became so weakened it was an effort for me to get around. I knew what was the matter, but I felt like I couldn't give up."

"I just dragged, and I certainly was nervous. I was so restless I could not sit down long—yet so weak I couldn't get about. It is a most miserable and such a helpless feeling."

"I would get depressed and out of heart."

"I began to feel, after awhile, there was no use to try to get well. This is all wrong, for it makes a person worse."

"I had heard of Cardui, and thought it might strengthen me. A neighbor had used it with good results."

"I took one bottle (of Cardui), then I saw I wasn't so nervous, so kept it up. Gradually the nervousness left me. I began to eat and sleep better. Was soon well, and all right. Cardui did wonders for me, and I certainly do recommend it."

Thousands of other women have written, to tell of the beneficial results obtained by taking Cardui, and to recommend it to others.

Sold everywhere. Try it. NC-146

are 58 past chancellors living today, besides the other many officers that have served for years.

The complete program with the outline of the visitors that are expected to attend the 50th celebration, will be announced next week, and an effort will be made to have as near a perfect attendance as possible, and many out-of-town visitors are expected.

Washington — A molarless burglar broke into the window of dental parlors here and took a pair of "store teeth". Police are no on the lookout for a meat robbery now.

## AMUSEMENTS

## Gorgeous Scene at Princess

One of the many gorgeous scenes in the Paramount picture, "The Heart Raider," starring Agnes Ayres which will be on view at the Princess again today, is a magnificent charity pageant with Miss Ayres as the center of attraction. To the star, in the role of Muriel Gray, this social function means a chance to make good her boast that she would make John Dennis, a wealthy bachelor and woman hater, take her in his arms.

This is far easier said than done, as Muriel discovers.

The girl stages a fake runaway, and she is to faint just as Dennis comes to her rescue. She does the fainting act all right, only to discover upon recovering that John has vanished without paying her the slightest heed.

But Muriel is not to be so easily discouraged. The picture shows in a novel and interesting manner how Muriel raids the heart of this indifferent chap, and ultimately brings him to his knees before her. There is an excellent supporting cast, including Mahlon Hamilton in the leading man's role, Charles Ruggles, Frazer Coulter, Marie Burke and Charles Riegel. The picture is said to be quite worth while.

## Next Week At Mystic

Lovers of a real thrilling, throbbing melodrama will be more than satisfied with the photoplay "Bulldog Drummond," which comes to the Mystic theatre on Monday and Tuesday.

The story deals with a demobilized army captain who finds life outside the trenches monotonous and uninteresting. In order to get a real kick out of life he inserts an ad in the paper offering his services to any one who can supply him with the necessary thrill. He receives an answer to his ad from a beautiful young girl whose uncle is forced to do the bidding of a diabolical gang of super-criminals. Just how "Bulldog Drummond" overcomes the gang and rescues one of their victims and wins the heart of the girl forms a thrilling and exciting photodrama.

Carlyle Blackwell plays the role of Bulldog Drummond. Mr. Blackwell has appeared in some of the best productions from the biggest producers. He is well known to the rank and file of the motion picture patrons, having achieved some of his greatest success with the old World Film Corporation. Evelyn Greeley, who plays the leading feminine role, likewise is a former World Film star. She, too, has appeared in a great number of successful screen productions. The balance of the cast consists of such well-known screen celebrities as Gerald Deane, Harry Bogart, Horace Devere, Warwick Ward, William Browning and Dorothy Fane.

"Bulldog Drummond" has been produced by the Hollondia Film Corporation upon the exact location in England and Holland as called for in the story. It was directed by Oscar Apfel from the famous stage success and book of the same name by "Sapper."

## CONTRACTORS ARE VIOLATING A LAW

AGO TODAY**

From The Daily Republican

Wednesday, July 15, 1908

The annual Jersey cattle sale at A. P. Walker's Jersey Isle stock farm west of this city today was well attended and good prices prevailed throughout the sale.

The Gun Club met this afternoon and had one of the most delightful shoots since the club was organized.

Fourteen dentists from out of the city were present and enjoyed the afternoon. A banquet will be tendered the guests at the Windsor hotel to-night.

Earl Halterman of Moscow will in all likelihood be given another chance to rejoin LaRue's Hoosier band, says the Connersville News, and likewise an opportunity to lead the unfortunates to victory in next Sunday's game with the Queen Cities.

The Cliff Benning threshing machine in Orange township did a big day's work yesterday, threshing a little more than twelve hundred bushels.

County auditor Albert Winship, and his deputy, Miss Anna Bolhammon are teeth and toenail in the work involved in making the division of the school funds returned by the state.

The work is unusually difficult this year due to the added task of accounting for all school transfers.

A buggy and set of harness belonging to Vern Norris was completely demolished in an accident to-day. Mr. Norris attended the cattle sale and had the rig returned to this city by Clyde Early. Early stopped enroute to eat dinner at his home on the Indianapolis pike. The horse became uneasy—or hungry—broke the hitch rein and dashed down a lane nearby. Parts of fences were torn down, five small chickens killed and a mother hen lost all her feathers, having a narrow escape. The horse was found uninjured eating in a corn field.

Will, son of James Adams, who lives near the Goddard church, was the victim of a peculiar and painful accident this morning. He was in charge of the water tank with the threshing company. The horses became frightened and started to run,

**Consider The Home Man.**

He is a banker, a merchant, or a contractor, or in some other line of business.

He lives in our community, just for example.

He knows you and you know him. He buys from other dealers in the home town for the needs of himself and his family. The money he thus spends stays here.

He pays taxes, and supports the churches, and gives to charity, and is always "handing it out" for some worthy local cause.

His employees live here, and the money he pays them keeps on circulating around among us.

The goods he sells are as he represents them, for he could not afford to work off an inferior article onto you—even if he would.

He can not afford to overcharge, because he would soon lose his trade if he did.

In every way he is an asset to the community, a convenience and an actual benefit to everyone.

Can a community afford to pass up the man who means so much to its people?

**Poor, Deluded Shelby**

The promoters of the big prize fight in Shelby, Mont., are said to be short about \$80,000.

They pay heavily for a few minutes of thrills and a few days of newspaper publicity.

Eighty thousand dollars is a goodly sum. It would build a very fine church, where souls could be saved, or a handsome school building, where children could be educated; or it would give many poor children delightful vacations in summer camps.

There really is no end to what might be done with that eighty thousand dollars.

But of course a man's money is his own and he has a right to do as

he pleases with it so long as he keeps within the law.

Poor churches—poor schools—poor children!

**A Good Proposition**

Narrow-minded individuals are inclined to fight the organization of labor banks and co-operative undertakings. This is wrong. These institutions should be encouraged, for the more laboring men go into business, the more will they understand some of the problems faced by an employer in the financing, operation and management of industrial and banking enterprises.

The laboring man who has his capital tied up in a bank, a sawmill, a gold mine, a shoe factory or a public utility plant, will be pretty sure to take an interest in maintaining safe and sound conditions in both state and nation, in order that the property may pay a fair rate of return on his money invested, which to him, the same as to any other investor, represents years of toil and saving.

One safeguard of the nation lies in educating our workmen to take a greater interest in, and becomes owners of, the securities of our various industrial undertakings.

**THE REPORTER'S NOTEBOOK**

Being Random Observations Picked Up During the Week by the Inquisitive Reporter in His Rounds About Town.

Once upon a time the pastor of a Rushville church was visiting a parishioner who lived in the country.

It was the good old summertime and they were seated on the lawn engaged in a social conversation. They had discussed the weather and other subjects and the pastor, spying some red hogs out in the barnlot and wishing to be agreeable, as well as show his knowledge of farming, remarked:

"Lovely Rhode Island Red hogs you have out there in the lot."

† † †

These scientists making lightning can sell their thunder to a presidential candidate.

**SAYS**

"I see by the papers that threshing has got started in Rush county," said the Street Corner Loafer to the Inquisitive Reporter. "I hope the crop is not as bad as the farmers say it's goin' be. If it's that bad, it must be awful."

"Why, I can remember when we never worried much about the wheat producin' good hereabouts. We just always sorta expected the wheat to do well by the community and it seldom ever failed us. Fred Capp used to kinda keep us posted on the conditions around the county at threshing time."

"Us fellers that alays have had our offices on the principal street corner in town here would hail Mr. Capp as he rode in from the farm on his old cart, drawn by his old sorrel horse, and if he couldn't give us full enough particulars, in answer to our questions, while sittin' on the cart—his nag got restless sometimes—he'd alays come back after supper in the twilight and get us posted up on the farm situation so that we could discuss it with some show of sense the next day, in the shade of Zary Mauzy's shoe store."

"Course, it's all true that the farmers have got some holler comin'. Times ain't what they use to be not by a long shot. If the wheat growed like it did in them days of long ago, and the farmers got the money for it, at they do now they'd all be ridin' in Packards."

"If a man 'uld come to town this very day and say his wheat was goin' average fifty bushels to the acre, you'd call the justice of the peace and insist on holdin' an insanity inquest. But back in the good old days, we'd never bat an eye when Fred told us that such and such a field would do better 'an ridin' in Packards."

"Nearest approach to perpetual motion is a real fat man wishing this summer was next winter."

† † †

Being broke feels like a doughnut hole without the doughnut.

**GLENWOOD**

Mrs. Frank Johnson and daughters, Mrs. Catherine Dittmer and son James and Mrs. A. W. Keene and daughter Rosemary and Harry McNelley of Indianapolis were the Sunday guests of Mr. and Mrs. Isaac Baker. Miss Fern Spacy of Connersville was among the guests in the evening.

The W. H. M. S. of the Methodist church held its regular monthly meeting Wednesday afternoon with Mrs. Lou Dehaven, east of town.

Miss Frances Little spent Saturday afternoon with Miss Nellie Myers at Rushville.

Hugh and Howard Daily of Indianapolis spent the week-end with their parents, Mr. and Mrs. Erskine Dailey.

Mrs. Clarence Patrick and daughter Rozella and Imogene and son Bobbie went to Westport Saturday for a several weeks visit with the former's mother, Mrs. Flora Jessup.

Master Eugene Combs has returned from a week's visit with his grandmother, Mrs. Victoria Carter at Rushville.

George Heizer of Orange spent Sunday with his sister, Mrs. Caroline McConnel.

Glenn Plummer has returned to his home at Hamilton, Ohio, after a visit with his sister, Mrs. Earl Young.

Mr. and Mrs. Allen Bounds of Indianapolis spent the week-end with the latter's aunts, the Misses Effa and Dossie Dailey.

Mrs. Elizabeth Meeker of Ross, Ohio, spent several days last week with her daughter, Mrs. John Roberts and family.

Mr. and Mrs. John Hinchman and Harry Hinchman of Greenfield were Sunday guests of their uncle, Oliver McConnell.

Isaac Baker and Miss Ella Agnes Reynolds celebrated their birthdays Saturday night with a pitch-in-dinner. Miss Josephine Hinchman was a guest. Refreshments of cake and ice cream were served.

Master John Dale Bond has returned to his home at his uncle's, James Norris, after a few weeks visit with his father at Quakertown and other relatives at Liberty and Bloomington Grove.

Guy Little went to Indianapolis Tuesday to visit his parents, Mr. and Mrs. Robert Little.

Mr. and Mrs. Carl Morris are the parents of twin boys born Monday.

Mrs. Alice Brooks and daughter Myrtle and Mrs. C. M. Brooks and son Donald were the Thursday guests of Mrs. Frank Wilson and family at New Salem.

Mr. and Mrs. Raymond Fulton and family were guests of Mr. and Mrs. Luther Gwinup of near New Salem, Sunday.

Mrs. Louise Lewis an dsister Mrs. Emma Powell of Rushville, were the week-end guests of the latter's son, Scott Powell and family.

Miss Marie Sammons of Rushville visited her sister, Miss Hallie Sammons at the home of Mr. and Mrs. V. E. Lewark Sunday.

Mrs. Fanny Meek visited her son, Clarence Meek and family at Connersville Sunday.

Mrs. Cora Frutal of Houston, Texas, is visiting her aunts, Miss May Nichols and Mrs. Zette Harwell.

Mrs. Frank Hinchman and Miss Edna Ruff have returned from a visit with the former's parents, Mr. and Mrs. Dan Laughlin and family at Anderson. Miss Laughlin returned home with them for a visit.

Miss Cleora Durham is spending several days with Mrs. Howard Pyke.

Miss Dorothy Mauzy was a guest of Miss Frances Little Wednesday.

Miss Freeland is visiting her grandmother, Mrs. Mattie Walters at Clarksburg.

## NEWSY GOSSIP IN THE WORLD OF SPORT

TRACK AND FIELD  
EVENTS—WRESTLINGGravel Roads On Paving Program  
Are Not In The Best Of Condition

Indianapolis, Ind., July 14.—A few gravel roads of the state are not in the first class condition the public has reason to expect compared with the major portion of the secondary system, declared John D. Williams, state highway director, today and explained that it is because they are on the 1923 paving program and the commission is reluctant to spend more money than what is absolutely necessary to keep them in fair condition until they are improved.

Mr. Williams specifically referred to No. 6 between Indianapolis and Shelbyville; the Bluff road from Indianapolis to Martinsville; No. 11 between Eden and Pendleton, and No. 10 south of Terre Haute for about 12-miles. He pointed out that while secondary roads of stone and gravel usually are extremely dusty this time of the year, recent rains prevented this annoying condition in many parts of the state, and that the secondary mileage generally is in the best condition ever.

The weekly traffic bulletin of the highway commission notes that the National Road is now open west from Indianapolis to Mt. Meridian, and that by August 15 all pavement will be laid between the Capitol and Terre Haute excepting about a mile and a half which takes in two grade separations. These are at the Monon railroad crossing at Putnamville, and the Pennsylvania railroad crossing at Glenn Crossing. Bids for the latter were opened this week by the railroad company. Neither of these gaps necessitate detours, and until separations are completed the gravel surface will be kept in shape by high-way maintenance forces.

According to the bulletin a detour on No. 10 north of Clinton is now occasioned by a new bridge; the Michigan road from the Marion county line to Logansport, taken into the system early in July is being leveled and smoothed and will show a splendid surface in a few days, and a new grade and fresh gravel on 13 about 8 miles north of Newcastle should be driven carefully. State Road 35 is rough from Greentown east to the Howard-Grant county line, and after rain traffic should detour over a road one-half mile to the north.

The bulletin shows detours and condition of state roads to be as follows for the week of July 15-21.

No. 1 (New Albany, Indianapolis, South Bend, Michigan line)—Closed from 2-miles north of Crothersville to 5½ miles north of Crothersville. Crothersville-Seymour traffic take Dudleyton detour. Detour from Scottsburg to a point 5-miles north account of construction. Closed from 4-miles north of Westfield to 3-miles south of end of concrete pavement just south of Kokomo, and from 3-miles south of Lakeville to Lakeville. Detours are well marked.

No. 2 (Valparaiso, South Bend, Ft. Wayne, Ohio line)—Closed from Ohio line to Ft. Wayne, from Ft. Wayne to Churubusco; from 5-miles east of Laporte to Laporte; from 2 miles east to Valparaiso, and from Valparaiso to 3-miles west.

No. 3 (National Road, Terre Haute Indianapolis, Richmond)—Now open from Indianapolis to Mt. Meridian. Detour on angling road northeast out of Mt. Meridian about 2½ miles to intersection with north and south road, thence south about one-quarter mile to the first road running west, thence west 2-miles to Bloomington road, thence south about 1½ miles to National road. Pavement will be completed and open to traffic over the new Reelsville cut-off by August 15 without any detours. Closed 2-miles west of corporation line of Richmond with good detour marked north. Under construction from Richmond to Ohio line.

No. 4 (Mt. Vernon, Evansville, Seymour, Ohio line)—Closed between Crystal and Hayesville with no suitable detour. North bound traffic from Jasper go to Loogooe via Petersville and Alfordsville. West bound traffic from Paoli to points south of French Lick turn north to Mitchell, thence west on 5. Under construction between Evansville and Vanderburg county line, and from Booneville to Huntingburg. Bridge under construction east of Vallaonia; take run-around carefully. In wet weather use marked detour over county road. Grading approaches to overhead bridge at Mitchell. Heavy grading east of Versailles.

No. 5 (Vincennes to Mitchell)—Bridge construction at three places

between Washington and Loogooe. Take run-around in dry weather and detours in rainy weather. Heavy traffic be careful of weakened bridge just west of Wheatland.

No. 6 (Madison, Indianapolis, Monticello)—Closed north of Flackville to 2-miles north of Royalton, detour starting short distance out of Indianapolis. Because it is exceedingly rough Lebanon-Indianapolis traffic advised to avoid detour and take 33 east to Michigan road. Bridge under construction south of Vernon. Heavy stone near North Madison.

No. 10 (Evansville, Terre Haute, Covington)—Closed account of new bridge construction 4 miles north of Clinton, North-bound traffic will detour to west in Clinton, thence north over county road returning to state road 1½ miles north. South bound traffic use same detour. All construction is on relocation and should be avoided excepting 4-miles south of Terre Haute, then follow marked detour.

No. 12 (Bicknell, to Martinsville)—Heavy grading and widening north of Freedom south of Spencer, north of Lyons.

No. 13 (Newcastle, Muncie, Ft. Wayne)—New Grade and gravel for one mile about 8-miles north of Newcastle. Detour to west around bridge construction 8-miles north of Muncie. Closed from Ft. Wayne south to intersection with 11.

No. 15 (Logansport to Michigan City)—Closed through town of Royal Center account of street construction; between Winamac and Knox near county line account bridge out, and between Laporte and Michigan City account construction. From Marion County line to Logansport, taken into system July 2, will have surface in smooth condition in few days.

No. 16 (Leavenworth, Corydon, New Albany)—Drive carefully because of workmen between Leavenworth and Corydon. Follow marked detour between Edwardsville and New Albany account road closed west of New Albany for construction.

No. 21 (Liberty, Richmond, Ft. Wayne)—Detour east or west, (preferably to right) at a point 3 miles north of Portland account bridge construction.

No. 22 (Bedford, Bloomington, Martinsville, Indianapolis)—Blasting between Bedford and Harrodsburg. Heavy grading south of Mooresville.

No. 24 (Palmyra, Salem, Brownstown)—Drive carefully over Millport Hill account of blasting. Heavy grading between Palmyra and Salem.

No. 25 (Angola to Ohio line)—Closed for 1-mile west of Angola to Flint.

No. 26 (Bloomington to Columbus)—Culvert construction south of Vernon. Heavy grading and culvert construction between Bloomington and Nashville.

No. 35 (Kokomo to Marion)—Course stone for 2-miles beginning 6-miles north of Kokomo. Good detour half a mile south. A little rough from Greenpoint east to Howard-Grant county line.

No. 37 (Westfield to Ohio line)—Heavy grading between Muncie and Selma. Drive carefully. After rain take road 1½ miles north.

No. 42 (Paoli to New Albany)—Under construction between New Albany and Floyd Knobs. West bound traffic detour to old Vincennes road, returning to state road at Galena. East bound traffic detour to left at Floyd Knobs to Spiker's Knob road into New Albany.

No. 50 (Kersey, North Judson, Culver, Argos)—Detour east of North Judson and earth portions east of Culver in wet weather.

## The Score Board

New York.—Leo Flynn, manager of one of the biggest string of boxers in the country, will succeed Frank Flournoy, resigned, as matchmaker at Madison Square Gardens, according to reports.

New York.—Frankie Jerome, New York bantam weight, won a 15 round decision from Banny Edwards, colored Pacific Coast bantam.

New York.—Johnny Dundee has been installed as 7 to 5 favorites in the early betting to take the featherweight championship from Eugene Criqui when they meet here on July 26.

Bridge construction at three places

## U. S. Stars in England

By PAUL R. MALLON  
(U. S. Staff Correspondent)

New York, July 14.—Twenty-three American athletes next Saturday will swarm into the Queens club, London, and show the best track and field stars of Oxford and Cambridge how good the United States is.

The American team composed of 13 Yale and 10 Harvard track stars, is the best that the United States ever sent over for the combination clash. The only possible weak spots in the team are the two-mile run and the running high jump, but the Oxford-Cambridge team is not any better off in these two events, and that makes matters even.

Two former American athletes are starring with the Oxford-Cambridge gang.

Billy Stevenson, former Princeton quarter-miler and national champion at that distance in 1921, will compete in both the furlong and the three-quarter.

Tevis Huhn, entrant in the hurdles is an old Princeton man, too, and the

British are enthusiastic over his form.

Abramsan, the English sprinter, is one of the best developed there in recent years, the London sport writers say. In the recent Oxford-Cambridge dual meet he defeated Stevenson in the 440-yard run, after winning the 100-yard and the broad jump.

Milligan, another Englishman, is always good for 1:56 in the half-mile and close to 4:20 in the mile.

The Americans are led by Chapman and Gage, quarter milers; Hulman and Durant, hurdlers; Comins, Rusnack, Eastman, Schlopp and Douglas. The latter five are expected to do most of the scoring.

The scene of the Olympic games of 1924 will be finished soon at Colombes, France. The seating capacity of the stands will be 70,000, the French Olympic committee announces.

Special arrangements are being made in the construction work to care for the comfort of the scores of athletes gathered from all over the world.

ALONSO STANDS  
IN TILDEN'S WAY

## Spaniard Will Battle National Clay Court Champion For Honor in Indianapolis Sunday

## NARROWS DOWN TO TWO MEN

## Finals Are Reached in Championship Play in Which Many Notables Have Been Eliminated

Indianapolis, Ind., July 14.—William Tilden and Manuel Alonso, will meet on the Woodstock court here tomorrow in the finals of the national clay court tennis tourney.

It is going to be the game of a lifetime for Indianapolis tennis fans.

Tilden is out to get the Spaniard, wallop him good and let the world know emphatically that William Tilden II of Philadelphia is not slipping a cog.

And Alonso, smooth, easy going champion from the tennis courts of old Spain, is just as sure he can beat Tilden more decisively than he did in the Illinois tennis finale a week ago.

Both players won their way to the finals only after they had fought hard matches yesterday afternoon.

Alonso beat Wallace Johnson, of Merion, Pa., 2-6, 6-2, 5-7, 6-2, 6-1.

The Spaniard was not up to form in the early stages of the match, and he climbed out after a close call.

The last two sets were brilliantly played by Alonso, who had things pretty much his own way.

Tilden, in his match with Robert Kinsey of San Francisco, was nervous and high strung. He was playing with an effort. He didn't like the cheering of the crowd, and the hissing noise of pop bottles being opened unsteadied him.

Kinsey gathered in the second set when the Philadelphia champ blew up completely. Tilden strengthened in the third, but dropped the fourth. Toward the end of the fifth he showed some of his old-time steam.

The score was 6-3, 0-6, 5-7, 6-2, 6-1.

## SHOOTS FORMER EMPLOYER

Jeffersonville, Ind., July 14.—Earl Warner, a former patient at the Indiana village for epileptics, shot his former employer, Claude Rice, because he was infatuated with Mrs. Rice and the husband frowned on the attempt of Warner to win a soul mate. Warner is under arrest. Physicians say Rice's wounds are not serious.

## FOR STEALING AUTO

Wabash, Ind., July 14.—Joseph Jones is under arrest here today on a charge of stealing an auto in Missouri. Jones asserts that a companion stole the auto, but he admits that he came to Indiana in the machine. The companion is being sought in Indianapolis.

New York.—Frankie Jerome, New York bantam weight, won a 15 round decision from Banny Edwards, colored Pacific Coast bantam.

New York.—Johnny Dundee has been installed as 7 to 5 favorites in the early betting to take the featherweight championship from Eugene Criqui when they meet here on July 26.

## DRESS NOTIONS

By HEDDA HOYT  
(Written for United Press)  
New York, N. Y., July 14—NO GIRL WEARS HER HEART on her sleeve these days. But the practical tennis girl wears her cute little handkerchief on her sleeve. She has a tiny pocket made in the sleeve of her crepe de chene dress, a dress, whose chief attractions are color, short sleeves, batteau neck and full skirt gathered into an elastic waistband.

Color has taken possession of the tennis court, as white has been declared taboo because it is unbecoming to most girls and because it soils so easily. The head bandana matches the shade of the tennis frock this year and no hats are worn except, now and then, a soft little affair of white felt. Yellow, tan, jade and old blue are favorite colors of the tennis girl.

Few years ago no one would have planned a trip without first planning the traveling suit and purchasing several white blouses. While the traveling suit is still worn by winter tourists it has no place in the wardrobe of the summer traveler. Nothing could be more uncomfortable than a tailored suit with a white blouse for traveling in the summer months. One needs clothes with loose lines and with sleeves loose at the armpits and the dark one-piece dress has both of these qualifications. Of course there must be an accompanying jacquette, a short cape or a top coat as the wearer prefers.

For an ocean voyage I should recommend a topcoat, two dark gowns, one of silk crepe and one of a light weight cloth material, two dinner dresses of lace or some equally uncrushable material, a dancing frock and two sport jacquettes with separate skirts for morning wear. This list can be augmented according to one's pocketbook but it should prove adequate for any ocean voyage of ten days.

Felt hats are considered quite as smart if not smarter than straw hats this summer, but if the warm days continue it is hoped that we will see less of them. Any hat that heats the head is undesirable, as nothing does more toward making the hair fall out. We are all inclined to lose hair more freely in summer than in winter months and we should do all that we can to prevent unnecessary falling of the hair.

IT IS TIME TO DROP THE HANDKERCHIEF! Aren't we getting just a little weary of the handkerchief trim? Dresses with handkerchief collars, hats with handkerchief drapes, blouses made of handkerchiefs, sashes made of handkerchiefs, bathing suits made of them. Isn't it time to "drop the handkerchief"? Let it go back to its old original duty!

## AUTO HITS TRUCK AT CROSS ROADS

Continued From Page One  
enants of the roadster were severely shaken up, and thrown around the machine, and it is regarded as miraculous that the baby escaped without being seriously injured.

Following the accident, Dr. Lamperton of Milroy was called, and he attended to the injured parties. Mrs. Headlee was suffering from a hemorrhage as the result of the scalp wound, and after being given first aid treatment, she was rushed to the local hospital.

Although she was unconscious for several hours, she rallied in the night and this morning her condition was most encouraging, according to Dr. M. C. Sexton, in charge of the hospital.

## FRANKFORT MAN NAMED

Lafayette, Ind., July 14.—B. F. Lowe, of Frankfort, was elected president of the Indiana vocational agricultural teachers at their annual meeting here. W. C. Kolb, Greenfield was chosen vice-president, E. L. Austin, West Lafayette, secretary and R. W. Covall, Goshen, treasurer.

## TRIAL IS POSTPONED

The case on an account, scheduled for trial today in Justice Stech's court, in which Albert Norris was plaintiff and Robert Jones and Sarah Jones were defendants, was continued this morning, and will be tried on Wednesday afternoon at 1:30 o'clock.

## KNIGHTS TEMPLAR MEETING

Rushville Commandery No. 49 K. T. will hold their regular stated meeting Monday evening beginning at 7:30.

North Judson—Charles Hueska, town treasurer, was killed when a rifle he was cleaning was accidentally discharged.

## Evelyn Today

This is the latest photo of Evelyn Nesbit, former wife of Harry Thaw. She is ready for a dip at Atlantic City where she appears nightly in a cabaret of which she is part owner.

## Society

Mrs. Hugh E. Mauzy was to entertain several friends of her daughter Janet, this afternoon, on the occasion of the little girl's seventh birthday anniversary.

Mr. and Mrs. O. E. Humes will entertain several guests at their home on North Main street Sunday, honoring Mr. and Mrs. Scott Buell, recently married. Among the out-of-town guests will be Mr. and Mrs. Robert Humes of Indianapolis.

Mrs. Homer Havens entertained Friday with a one o'clock luncheon at her home in North Perkins street, for the members of the Thimble Club. The appointments for the luncheon table were carried out in pretty bouquets of summer flowers. The ladies enjoyed the remainder of the afternoon over their needlework.

The Misses Thelma and Martha Fanning entertained with a pitch-in 6:30 dinner party Friday evening on the Innis & Pearce factory lawn in West Seventh street, honoring their guest, Miss Katherine Colson, of Waco, Texas. The delicious dinner was served on a long table placed on the beautiful lawn at the factory, and covers were laid for twenty-four guests.

## The Universal One-Piece Dress

COPYRIGHT BY MC CALL'S

It's a universal style—the one-piece dress. For summer it is shown in striped or plain wash silk, figured foulard, crepe de chine, printed silks and wash materials.

## WHAT'S GOOD TO EAT IN HOT WEATHER AND WHEN TO EAT IT

(By United Press)

New York July 14—The human body requires food to generate energy in warm weather as well as in colder temperatures, but not so much and an entirely different character, according to a statement issued by the health department, in an effort to relieve suffering from summer heat.

Food chemists can figure accurately the amount of food necessary for persons in all various occupations. But few people know how to supply their bodies with fuel energy in the heated season. Many books on food products, it is suggested, have a table the use of which will help provide such forms for a family in all seasons, especially during the warmer weather.

Persons engaged in hard labor require meat but during the summer it should be used very sparingly. Otherwise indigestion may result.

Water is an essential and from 6 to 8 glasses of liquid should be consumed each day.

Hard foods, the chewing of which stimulates secretions, are a necessary aid to digestion. Raw fruits, fibrous vegetables, nuts, toast and crusts of bread are suggested.

Suggested menus follow:

Breakfast—Loaf bread (eschew hot bread and biscuits during heated season); cereal, package variety preferable (hot oat meal is decidedly heating); use butter sparingly; grape fruit, orange juice, cantaloupe or other seasonal fruits, or stewed fruits such as rhubarb, prunes, apricots or baked apple.

Dinner, the health department suggests, should be the mid-day meal, if possible, but if inconvenient during the week, should be made the order

## THE OLD HOME TOWN By Stanley

CAN MONEY STIMULATE AMBITION?  
PHILANTHROPIST SEEKS ANSWER

Passaic, N. J., July 14—Can cash bring out genius?

Can money stimulate ambition? Julius Forstmann, wealthy philanthropist, and his wife wanted to find out. So they set aside a fund of \$250,000 to assist the youth of the country "to attain to a large measure of self-realization and social usefulness."

And now they are swamped with applicants. So great has the rush become that a special office has been

"The fund is not an endowment with only the interest available," says Forstmann. "It is a working capital, every last cent of which will be used. Neither will it be limited necessarily to \$250,000."

"I want to assist boys and young men who are hampered by financial circumstances to attain their ambitions. If they have ability and character I believe I can help them. At the same time I want to perpetuate the influence of intelligence, integ-

uity and industry which would have been my son's had he been permitted to live."

Grants, according to the Forstmann plan, may be either awards or loans. A committee of representative business men and a pastor has been appointed which will expend the money for "education or training of any grade, degree or kind; the prosecution of useful experimentation and research; physical correction and rehabilitation; the realization of any particularly worthy ambition which, with assistance, offers a strong likelihood of success".

## T. B. EXHIBIT BEING SHOWN GOING UNDER ORDERS TODAY

Indiana Board of Health Conducting Exhibit in Bloomington

Bloomington, Ind., July 14.—The travelling tuberculosis exhibit of the Indiana State Board of Health, is being shown in Bloomington all week.

Dr. W. F. King, secretary of the board, is in charge of the exhibit. He is working in conjunction with Mrs. Hubert Beck, secretary of the Monroe county Anti-Tuberculosis association.

In connection with the exhibit, Mrs. Mary A. Waldron, secretary-treasurer of the Bloomington Public Health association, has prepared a number of charts showing "how the disease spreads through families". The purpose of the charts is to make the public realize the necessity for sending the member of the family afflicted to the hospital.

loss, three out of five children have tuberculosis and two of them are now in the Indiana State Tuberculosis Sanitarium at Rockville.

Rushville guardsmen, members of Company C, were to go under orders this afternoon at the armory in preparation for their two weeks training course at Camp Knox, Ky., and all was in readiness for the 55 members to leave in the morning at 11 o'clock over a special train on the Big Four.

Another special train over the Pennsylvania railroad will reach this city at 11:30, coming through from Ft. Wayne, and bearing troopers from the north, including the Newcastle, Angola, Portland and Richmond companies.

Of one family in which both parents died in their thirties of tubercu-

## LACK OF LIGHTS ON CAR CAUSES ACCIDENT

Two Boys Repairing Car Parked Near Greensburg Seriously Injured When Hit By Automobile

## DISPLAY OF LIGHTS URGED

Indianapolis, Ind., July 14.—Lack of lights on their car parked at the side of State Road 6 near Greensburg, was responsible for two young men of that city being seriously injured according to a traffic accident report just reaching the state highway department.

Details gathered in the highway office show that the young men pulled to the side of the road to repair a flat tire. A car approaching from the rear and about to meet another machine coming in the opposite direction was running with the dimmers on. The driver failed to note the presence of the parked car, owing to absence of light struck it and it was hurled onto the two men repairing the tire. Both were seriously injured and unconscious for many hours.

State highway officials are doing all in their power to make state roads safe, but they must have the cooperation of the public, A. H. Hinkle, superintendent of maintenance, contends. No one should attempt to park along a heavily travelled road at night without displaying a light. While this accident is very regrettable, yet it appears obvious from information reaching the department that the injured parties were responsible. The car approaching with dimmed lights was operated according to law for the driver was trying to pass the approaching car and had reduced his lights so as not to embarrass the driver. Had the parked car displayed a tail light it is very probable the accident would have been averted.

## AUTO HITS TRUCK AT CROSS ROADS

Mrs. Sylvia Headlee of Gowdy Most Seriously Hurt of Three Riding in Touring Car

### BABY NOT BADLY INJURED

Husband, Who Was Driving Machine That Struck Rear End of Live Stock Truck, Slightly Hurt

Mr and Mrs. Sylvia Headlee and their three-year-old baby, residents of Gowdy, figured in an automobile accident Friday evening at a cross road west of Milroy, resulting in Mrs. Headlee being painfully injured about the face and head.

The woman was brought to the Dr. Sexton hospital in this city, after receiving first aid treatment by Dr. W. T. Lampton of Milroy, and after being unconscious for several hours, she rallied and this morning was reported to be getting along nicely.

The baby was thrown clear of the wreckage, and escaped with only bruises and cuts, and Mr. Headlee was bruised about the body and hurt about his chest, but no ribs were fractured.

Mrs. Headlee was believed at first to have suffered a fractured skull, but an examination at the hospital failed to reveal any fracture. It was necessary to take several stitches to close up the various lacerations on her scalp and face.

The accident happened between 7 and 8 o'clock last night at the Garner cross roads, which is noted as the scene of accidents. Last winter a school bus was overturned in a collision at this crossing, and many machines have been ditched in accidents here.

The Headlee machine, which was a large roadster, was said to have been driven at a rapid rate of speed south on the Moscow pike. The truck was loaded with stock and was from the Carr garage in Milroy, headed for the stock yards in Indianapolis. Clarence Darnell was the driver.

The cross roads is located 4 miles west of Milroy, and ½ mile north of Moscow. The truck had almost cleared the cross road intersection, when the Headlee machine loomed up, and struck the rear end of the truck.

The force of the impact caused the truck to be turned crosswise in the roads, and the roadster was thrown into the ditch, badly damaged as the result of the sudden crash. The accident happened between 7 and 8 o'clock last night at the Garner cross roads, which is noted as the scene of accidents. Last winter a school bus was overturned in a collision at this crossing, and many machines have been ditched in accidents here.

## THIRTY-FIVE BOYS ARE READY FOR CAMP

More Cots Will be Needed as Only Two Have Been Offered For Use Next Week

### FIRST TENTS GOING UP SUNDAY

One more boy has registered for the Rush county boys camp which will open along Blue River, west of Morristown, Tuesday morning, making the total qualifying for admission to the camp thirty-five. The last boy to enter was from the vicinity of Manilla.

Tents belonging to Company C, Indiana National Guard, of this city which were loaned by Captain Will B. Braun of this city, will be taken to the camp site Sunday and some of them will be erected so that a few persons can stay in camp over night and take care of the equipment.

Albert F. Cotton, director of physical education in the Rushville public schools, will be on the job Sunday and will be joined Monday by D. R. Merrell, scoutmaster of the Rushville Boy Scouts. They will direct the camp activities.

The remainder of the tents and the kitchen and dining room will be erected Monday so that everything will be in readiness for the boys Tuesday.

More cots will be needed, as the camp organization owns only thirteen and only two have been offered for the camp. Persons who have cots and are willing to loan them are asked to notify the George C. Wyatt and company furniture store.

VOL. 26 Indiana State Library

## THE BARRIER

## CONTRACTORS ARE VIOLATING A LAW

In Many Sections Contractors Fail To Erect Proper Barricades And Do Not Mark Detours

### LAYING THEMSELVES LIABLE

Law Provides Heavy Penalty For Failure And Each Day Of Such Failure Is Separate Offense

Reports from various sections of the state to the Hoosier State Auto Association, the state-wide organization of automobile owners, indicates that in many places road contractors are wilfully or otherwise violating the law concerning barricades and detours, according to a statement issued by the auto association. "The detour law of Indiana is a safety measure prepared and backed before the legislature by our organization, designed to make travel more safe throughout the state," the association says. "Yet we are finding in many sections that contractors fail to erect proper barricades and utterly neglect to mark detours in both directions all the way around a section of road that is under construction. There is a heavy penalty for such failure or neglect and each day of such failure constitutes a separate offense. It will be seen that the careless or indifferent contractor is laying himself liable and it is only because we have hoped that all contractors would willingly enter into the spirit of this law that no action has been taken to enforce the penalties on some who have seemed quite wilful in their violation of its provision."

The association points out that it has offered to supply contractors throughout Indiana with suitable detour arrows which would be of assistance to them in marking routes around a closed road. "Many contractors have taken advantage of that offer, which costs them nothing," the association says. "We still repeat that offer and hope to see more contractors take advantage of it. Last year we sought to carry on a campaign of education in this matter. This year it would seem that more vigorous measures may be indicated in the premises. In carrying out this idea, we appeal to our members everywhere in Indiana to see if roads closed for construction work have proper detours. This they can do by taking the matter up direct with county officials whose duty it is to insist that the contractor carry out the pro-

## Ivy Lodge, Knights of Pythias, to Observe Fiftieth Anniversary Of Its Birth July 23

Golden Jubilee Falls on Regular Meeting Night and Local Lodge-men Will Celebrate in Fitting Manner. Two Charter Members Still Living and Two Others Have Been Members of Ivy Lodge Half a Century.

Ivy Lodge 27, Knights of Pythias, will celebrate the fiftieth anniversary of the presentation of its charter in Rushville on Monday, July 23, and a special program of events is being planned for that day, and many notable officers of the grand lodge and state lodge will be here to share in the Golden Jubilee.

The progress of the order during its fifty years has been most remarkable, and today it ranks as probably the greatest in membership of any fraternal order in the county, with the membership near the 500 mark.

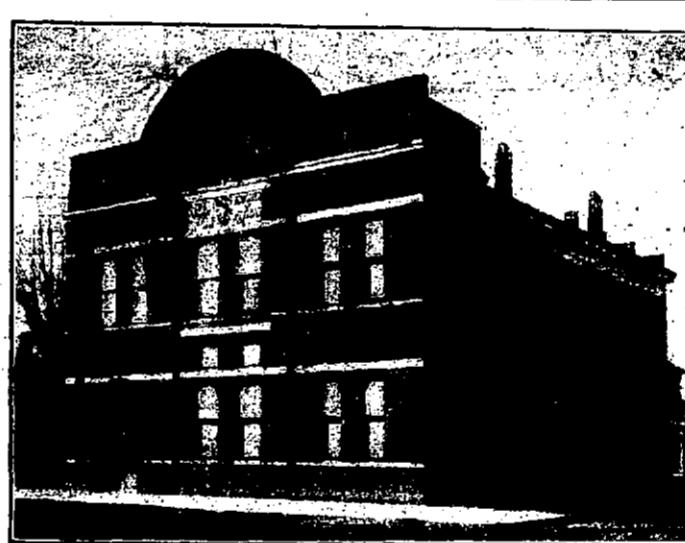

The early struggle of the local lodge was one that required much endurance, but in about 1895 the lodge became financially able to purchase a building for its own use, which stands today as a memorial to the lodge, fully free of any debt.

Two members of the chartered class are living today, Homer Gregg of this city and Samuel A. Glore of Indianapolis. The lodge also has two other fifty-year members, who were taken in during that year, and who are survivors of that period. They are Selman Webb of Rushville and Oren Beher of Center township.

The Rushville order was organized on March 4, 1873, in rooms on the third floor of a building in East Second street, now occupied by colored Masons. After they organized, they made application for a charter, and those who signed the petition for the charter were John F. Beher, John Carroll, Frank Tingley, Homer Gregg, John W. Wilson, Simon Cline, William O. Brown, John H. Brown, John P. Guffin, Samuel A. Glore and Tony Michael.

The charter was received and presented on July 23, 1873, which accounts for the Golden Jubilee celebration which is planned for a week from Monday.

In those early days when the lodge membership numbered less than 20, all of the members "pitched in" and helped rebuild the interior of the lodge hall to conform with the rank and after meeting in the third floor of the building for a number of years, the lodge required larger quarters, and they moved to the

K. OF P. BUILDING

third floor of the Beher building, now over the Johnson drug store.

The lodge continued to grow, and in the early part of 1890 suffered a severe loss when their rooms were damaged with water during a fire in the building.

The lodge, however, was among the most active in the state even in those early days, and they went on record as having fostered other lodges, and installed them in Laurel, Milroy, Morristown, New Palestine and Cartage. On one occasion they were to assist in the ceremonies at Knightstown, when Richmond was scheduled to confer the work, but a wreck on the railroad prevented Richmond from attending, and Rushville again had the honor of installing the lodge. The Carthage lodge has ceased to exist, but the Milroy lodge is still flourishing.

In the year 1895 the lodge decided to expand, and they purchased the old Christian church building at the southwest corner of Second and Morgan streets, and remodeled the building into headquarters which they have since occupied.

The local lodge has two fast growing auxiliaries, the Uniform Rank and the Pythian Sisters. A uniformed order was established years ago, but failed, and the present organization was established May 6, 1903 with 42 members, and today it is among the best companies in the state, and has taken many prizes at state and national conventions.

The Pythian Sisters was organized on January 12, 1890 with 20 charter members, three of whom, Mrs. Mary A. Brown, Mrs. Melinda Young and Mrs. Selman Webb are still living in Rushville.

Will Trennephol is the incoming chancellor commander, and there

ting the lodge completely out of debt.

It has been estimated that during the 50 years of its existence that 1,000 members have been taken into the order, many of whom have died, moved to other cities or become delinquent. The first death in the lodge was Elmer Moore, which occurred early in the first winter of its founding.

The lodge now has plans in which a further remodeling program is to be carried out, in which the lower floor, or dance floor will be partitioned, with a removable partition, and tables for games and billiards will be installed.

The removable partition will adapt the place so that the banquet floor can still be used, and the lodge room upstairs will be relaid with hardwood, which will make a good dance floor, as well as lodge rooms.

The local lodge has two fast growing auxiliaries, the Uniform Rank and the Pythian Sisters. ## MOST WHEAT GRADES OF HIGH STANDARD

Local Elevator Has Received Wheat From 2 Farms and Reports No. 2 Grade and Fine Yield

### FARMERS BUSY NEXT WEEK

Wheat threshing will be under way in earnest on Monday, if the weather permits, and already several farmers are harvesting their crop. Most of the wheat received at the Ball and Orme elevator here has registered up to the grade of number 2, and none has fallen below that standard. Some of the wheat is smutty.

The first wheat was received here yesterday from Frank McCoy, and later in the day wheat from crop of Ed Newby on the Robert Kennedy farm, was received, and these two farms were sending in their supply today.

Many farmers expected to start threshing this afternoon, but it is not expected that the real rush will begin until Monday.

Will Foster of the Milroy neighborhood threshed Thursday but the wheat was too damp to be delivered to the Milroy elevator, and a sample that he brought to the firm indicated an average of 30 bushels to the acre and a grade of number 1.

## OPEN ROAD WEST OF INDIANAPOLIS

State Highway Director Announces National Road May be Traveled as Far as Mt. Meridian

### NEW DETOUR NOW IN EFFECT

To Complete Pavement by August 15 on Road Between Indianapolis and Illinois Line

Indianapolis, Ind., July 14—The National road west of Indianapolis is now open from the Capitol to Mt. Meridian, John D. Williams, state highway director announces. Mr. Williams points out that since work started this year closing the last gaps in this road, traffic has detoured at a point about 4 miles west of Stilesville.

C. Gray, chief engineer, gives the new detour now in effect as follows:

Detour on angling road northeast of Mt. Meridian for about 2½ miles to the intersection with north and south road; thence south about ¼ mile to the first road running west; thence west 2 miles to the Bloomington road; thence south about 1½ miles to the National road. This new detour is marked with standard detour signs.

The National road will be opened to traffic over the new Reelsville cut off by August 15 which will mark the elimination of all detours on this road west of Indianapolis, Mr. Gray says.

According to highway officials with proper weather for laying of concrete, the pavement will be completed by August 15 on the National road between Indianapolis and the Illinois line with the exception of two gaps of a total length of approximately 1½ miles. These are grade separations across the Monon railroad at Putnamville and Glenn crossing over the Pennsylvania railroad. The Pennsylvania Company will this week receive bids for the latter separation, and construction will begin this season. Mr. Gray points out that the Deer Creek bridge at Putnamville will not be paved until after Monon grade separation is effected.

## ADAPTS TWO NOTABLE STORIES FOR SCREEN

Tom J. Geraghty Responsible For "Hollywood," Late Release, And "The Covered Wagon"

### PRASE FROM PRES. HARDING

Tom J. Geraghty, former Rushville newspaperman, who is now associated with the Famous Players-Lasky corporation, has just finished two notable productions for the screen, "The Covered Wagon" and "Hollywood." Both pictures he adapted for the screen, and they have just been released. The early scenes of "Hollywood" are laid in a small Indiana village, and it may be presumed that the author worked in Rushville in some manner. Speaking of the picture, Anita Loos, a well known scenario writer, wired Mr. Geraghty as follows:

"Just saw the greatest screen comedy of all times and wept a couple of tears, too, at the finish. Million congratulations on "Hollywood."

"The covered Wagon" was given considerable praise by President Harding on July 3, in a speech he delivered at Meacham, Ore. The tribute was especially remarkable, coming from the president, as it was delivered on the Old Oregon Trail to children of the men and women who made the trip to Oregon in covered wagons.

### ONE WEEK OF KINDERGARTEN

The kindergarten class of Miss Elizabeth Waite, which has been holding forth this summer at the Jackson school, will continue next week, finishing the eight weeks summer course for the 30 youngsters between the ages of 3 and 6 years. The display of their work is now being made in the windows at the George C. Wyatt and Company store.

# FARM MORTGAGES SHOW INCREASE

Director For Research In Land Economics Finds Owner-Operated Farms Need Money

INCREASES EACH YEAR

Interest Rates Lower In Wisconsin And Highest In Texas, New Mexico And Montana

Madison, Wis., July 14.—Interest rates on farm mortgages are lower in eastern Wisconsin than in any other part of the nation, and highest in Texas, New Mexico, and Montana.

The figures show a big increase in the percentage of "owner-operated" farms under mortgage.

These are the findings of the institute for research in land economics, of which Prof. R. T. Ely, University of Wisconsin economist, is director. Figures of the 1920 federal census were used in the compilations.

In east central Wisconsin, where the rate is from 4.6 per cent to 5 per cent, there is found an intensive dairy section inhabited by a thrifty class of farmers of foreign descent, the institute comments.

"Further study reveals the fact that from 70 to 90 per cent of the money borrowed comes from the community, indicating a surplus of local capital.

In the southern part of Texas,

## NEXT BIG FIGHT TO BE LABOR DAY

Dempsey And Firpo Will Meet For Heavy Weight Championship Tex Rickard, Promoter, Announces

### REAL BATTLE IS EXPECTED

New York, July 14.—Dempsey and Lewis Firpo will meet for the heavyweight championship on Labor Day, Tex Rickard promoter of last night's record breaking fight, said today.

Rickard has not decided on the place for the fight but he intimated that he will stage the fight in the ring where Firpo knocked out Jess Willard last night.

Jack Kearns, manager of the champion, said he wanted a fight with Firpo on Labor Day and was not particular where it was to be staged.

This Firpo is a strong rugged fellow and a natural fighter. He will give Dempsey a great fight, Kearns said.

Rickard said he was willing to estimate that the crowd was more than 100,000 and that the receipts would be at least \$600,000.

Willard's share of the purse will be around \$160,000 and Firpo will draw around \$120,000 for his end.

### NEED INSANE HOSPITAL

Unfortunate Insane Should Be Taken Care Of In Indianapolis,

Indianapolis, July 14.—A psychiatric hospital is urgently needed in Indianapolis for the better care of the insane, according to Dr. William King, secretary of the state board of health.

If for no other reason than that of humanitarianism, the unfortunate insane should be better taken care of in Indianapolis and in the rest of the state as well," he said.

With a view to fulfilling at least partially the plan of Dr. King, funds for the establishment of a psychiatric ward at the City hospital will be asked in the next budget of the city board of health, Dr. Herman G. Morgan, city sanitarian, has announced.

It is estimated that \$50,000 will be sufficient to provide for a trained psychiatrist and ten other employees and nurses for the year.

The plans are to have the ward accommodate from thirty to forty patients.

## SURVEYS WATER SOURCES

Board Of Health Laboratory To Complete Investigation July 15

Warsaw, Ind., July 14.—Surveys of lakes, streams and wells, sources of water supplies in Kosciusko county will be completed by the traveling laboratory of the Indiana state board of health July 15.

L. L. Miller, chief of the division of chemistry of the state board of health and L. A. Gempel, director of water and sewage department visited Warsaw and assisted in the survey here.

It has been recommended that pollution of an old canal by the Warsaw Gas Co. be stopped. One public drinking well at Winona Lake was condemned.

Wells generally in Warsaw and Winona Lake were found to be producing pure and wholesome water. Surveys will be conducted at all of the lakes in northern Indiana.

**CHANGE OF LIFE**

**Florida Lady Was in a Miserable Condition, But Says She Found Cardui Helpful, and Got Well.**

**BURKE, IDAHO IS DESTROYED**

**Property Valued at \$1,000,000 is Demolished by Fire**

Altha, Fla.—In explaining how she found Cardui so helpful during change of life, Mrs. Ella M. Bailey, of Route 2, this place, said:

"I became so weakened it was an effort for me to get around. I knew what was the matter, but I felt like I couldn't give up."

"I just dragged, and I certainly was nervous. I was so restless I could not sit down long—yet so weak I couldn't get about. It is a most miserable and such a helpless feeling."

"I would get depressed and out of heart."

"I began to feel, after awhile, there was no use to try to get well. This is all wrong, for it makes a person worse."

"I had heard of Cardui, and thought it might strengthen me. A neighbor had used it with good results."

"I took one bottle (of Cardui), then I saw I wasn't so nervous, so kept it up."

"Gradually the nervousness left me."

"I began to eat and sleep better. Was soon well, and all right. Cardui did wonders for me, and I certainly do recommend it."

Thousands of other women have written, to tell of the beneficial results obtained by taking Cardui, and to recommend it to others.

Sold everywhere. Try it. NC-146

SATURDAY, JULY 14, 1923

**FIFTEEN YEARS  
AGO TODAY**

From The Daily Republican

Wednesday, July 15, 1908

The annual Jersey cattle sale at A. P. Walker's Jersey Isle stock farm west of this city today was well attended and good prices prevailed throughout the sale.

The Gun Club met this afternoon and had one of the most delightful shoots since the club was organized. Fourteen dentists from out of the city were present and enjoyed the afternoon. A banquet will be tendered the guests at the Windsor hotel tonight.

Earl Halterman of Moscow will in all likelihood be given another chance to rejoin LaRue's Hoosier band, says the Connersville News, and likewise an opportunity to lead the unfortunate to victory in next Sunday's game with the Queen Cities.

The Cliff Benning threshing machine in Orange township did a big day's work yesterday, threshing a little more than twelve hundred bushels.

County auditor Albert Winship, and his deputy, Miss Anna Bohannon are teeth and toenail in the work involved in making the division of the school funds returned by the state. The work is unusually difficult this year due to the added task of accounting for all school transfers.

A buggy and set of harness belonging to Vern Norris was completely demolished in an accident today. Mr. Norris attended the cattle sale and had the rig returned to this city by Clyde Early. Early stopped enroute to eat dinner at his home on the Indianapolis pike. The horse became uneasy—or hungry—broke the hitch rein and dashed down a lane nearby. Parts of fences were torn down, five small chickens killed and a mother hen lost all her feathers, having narrow escape. The horse was found uninjured eating in a corn field.

Will, son of James Adams, who lives near the Goddard church, was the victim of a peculiar and painful accident this morning. He was in charge of the water tank with the threshing company. The horses became frightened and started to run.

**Safety Sam's Sermonette**

We've got a sneakin' notion that one o' th' things which'll always be a mystery is, what's th' hurry that afficks th' gink with th' glassy stare an' th' set jaw, that bobs in an' out o' th' line o' traffic. This simpleton is all in a class by himself when it comes t' pullin' off brainless stunts an' showin' utter lack o' sense or judgment or consideration for other people.

He shines best when there's two lines o' traffic on th' road, one goin' each way, an' all of it movin' plenty fast, like it is on a Sunday evening on any main road leadin' in or out o' th' city. That's when th' Awful Urge socks its spurts into th' banks o' his feeble mind an' sets him wild! He steps on it with all his might an' only by virtue o' th' driver o' th' machine he tries t' pass slowin' down does he succeed in gettin' out o' th' way o' th' machine comin' from th' opposite direction; and, when he's gone an' done it an' got past by endangerin' a half a dozen lives, what's he gained? There's another machine right ahead of him, even then. But he repeats th' performance, not havin' gone t' Kingdom Come in th' first instance, until he finally miscalculates a little an' thereby provides th' papers with some more punk news for th' next day. Of course, he might be justified if he was tryin' t' get in time for prayer meetin' or t' fore th' baby's bedtime, but they're about th' only excuses we can figger out.

I think most of us feel like if he was in as big a hurry as some o' those birds act like they was, we'd hire an airplane, so's we could hurry all we wanted, without je'pordizin' other people's safety!

You Kan-Keep-Kool, with a Dayton electric fan. Get it at Haydens.

**THE REPORTER'S  
NOTEBOOK**

Being Random Observations  
Picked Up During the Week  
by the Inquisitive Reporter in  
His Rounds About Town.

Once upon a time the pastor of a Rushville church was visiting a parsoner who lived in the country.

It was the good old summertime and they were seated on the lawn engaged in a social conversation. They had discussed the weather and other subjects and the pastor, spying some red hogs out in the barnlot and wishing to be agreeable, as well as show his knowledge of farming, remarked:

"Lovely Rhode Island Red hogs you have out there in the lot?"

"I see by the papers that threshing has got started in Rush county," said the Street Corner Loafer to the Inquisitive Reporter. "I hope the crop is not as bad as the farmers say it's goin' be. If it's that bad, it must be awful."

"Why, I can remember when we never worried much about the wheat producin' good hereabouts. We just always sorta expected the wheat to do well by the community and it seldom ever failed us. Fred Capp used to kinda keep us posted on the conditions around the county at threshing time."

"Us fellers that al'ays have had our offices on the principal street corner in town here would holler Mr. Capp as he rode in from the farm on his old cart, drawn by his old sorrel horse, and if he couldn't give us full enough particulars, in answer to our questions, while sittin' on the cart—his mag got restless some times—he'd al'ays come back after supper in the twilight and get us posted up on the farm situation so that we could discuss it with some show of sense the next day, in the shade of Zary Mauzy's shoe store."

"Course, it's all true that the farmers have got some holler comin'. Times ain't what they use to be not by a long shot. If the wheat growed like it did in them days of long ago, and the farmers got the money for it, 'at they do now they'd all be ridin' in Packards."

The Cliff Benning threshing machine in Orange township did a big day's work yesterday, threshing a little more than twelve hundred bushels.

County auditor Albert Winship, and his deputy, Miss Anna Bohannon are teeth and toenail in the work involved in making the division of the school funds returned by the state. The work is unusually difficult this year due to the added task of accounting for all school transfers.

A buggy and set of harness belonging to Vern Norris was completely demolished in an accident today. Mr. Norris attended the cattle sale and had the rig returned to this city by Clyde Early. Early stopped enroute to eat dinner at his home on the Indianapolis pike. The horse became uneasy—or hungry—broke the hitch rein and dashed down a lane nearby. Parts of fences were torn down, five small chickens killed and a mother hen lost all her feathers, having narrow escape. The horse was found uninjured eating in a corn field.

Will, son of James Adams, who lives near the Goddard church, was the victim of a peculiar and painful accident this morning. He was in charge of the water tank with the threshing company. The horses became frightened and started to run.

In trying to stop them Adams was thrown from the wagon under the horses feet. He was not touched by the horses but the wheels of the wagon passed over his body. The wagon passed over the right side of the body and his left knee and heel. His body was severely bruised but the heel seems to be injured worse than any other part of his body.

Dora Betker had a narrow escape from serious injury today in front of his haberdashery store in West Second street. He had just taken a chair to sit down and he placed it on the cellar grating near one of the large show windows which extends almost to the level of the sidewalk. The rear part of the chair slipped through the grating and Mr. Betker was precipitated through the large plate glass window. The sudden crash caused him to leap from his perilous position as the chair went dashing through the broken glass.

Mrs. A. L. Stewart is suffering from an attack of lumbago at her home in North Main street.

Charles Caron has recovered from a recent illness.

Misses Nannie Hogsett and Mae Beloit will go to Indianapolis Monday to take a two weeks' special course in stenography work.

Mr. and Mrs. Bert Conde have gone to North Vernon, Osgood and Versailles for a six weeks' visit.

You Kan-Keep-Kool, with a Dayton electric fan. Get it at Haydens.

1023

**GLENWOOD**

Mrs. Frank Johnson and daughter, Mrs. Catherine Ditmer and son James and Mrs. A. W. Keene and daughter Rosemary and Harry McNamee of Indianapolis were the Sunday guests of Mr. and Mrs. Isaac Baker. Miss Fern Spacy of Connersville was among the guests in the evening.

The W. H. M. S. of the Methodist church held its regular monthly meeting Wednesday afternoon with Mrs. Lou Dehaven, east of town.

Miss Frances Little spent Saturday afternoon with Miss Nellie Myers at Rushville.

Hugh and Howard Daily of Indianapolis spent the week-end with their parents, Mr. and Mrs. Erskine Dailey and family.

Mrs. Clarence Patrick and daughter Rozella and Imogene and son Robbie went to Westport Saturday for a several weeks visit with the former's mother, Mrs. Flora Jessup. Master Eugene Combs has returned from a week's visit with his grandmother, Mrs. Victoria Carter at Rushville.

George Heizer of Orange spent Sunday with his sister, Mrs. Caroline McConnel.

Glenn Plummer has returned to his home at Hamilton, Ohio, after a visit with his sister, Mrs. Earl Young.

Mr. and Mrs. Allen Bounds of Indianapolis spent the week-end with the latter's aunts, the Misses Effa and Dossie Dailey.

Mrs. Elizabeth Meeker of Ross, Ohio, spent several days last week with her daughter, Mrs. John Roberts and family.

Mr. and Mrs. John Hinckman and Harry Hinckman of Greenfield were Sunday guests of their uncle, Oliver McConnell.

Isaac Baker and Miss Ella Agnes Reynolds celebrated their birthdays Saturday night with a pitch-in-dinner. Miss Josephine Hinckman was a guest. Refreshments of cake and ice cream were served.

Master John Dale Bond has returned to his home at his uncle's, James Norris, after a few weeks visit with his father at Quakertown and other relatives at Liberty and Bloomington Grove.

Guy Little went to Indianapolis Tuesday to visit his parents, Mr. and Mrs. Robert Little.

Mr. and Mrs. Carl Morris are the parents of twin boys born Monday.

Mrs. Alice Brooks and daughter Myrtle and Mrs. C. M. Brooks and son Donald were the Thursday guests of Mrs. Frank Wilson and family at New Salem.

Mr. and Mrs. Raymond Fulton and family were guests of Mr. and Mrs. Luther Gwinup of near New Salem, Sunday.

Mrs. Louise Lewis an dsister Mrs. Emma Powell of Rushville, were the week-end guests of the latter's son, Scott Powell and family.

Miss Marie Sammons of Rushville visited her sister, Miss Hallie Sammons at the home of Mr. and Mrs. V. E. Lewark Sunday.

Mrs. Fanny Meek visited her son, Clarence Meek and family at Connersville Sunday.

Mrs. Cora Frutral of Houston, Texas, is visiting her aunts, Miss May Nichols and Mrs. Zette Hartwell.

Mrs. Frank Hinckman and Miss Edna Ruff have returned from a visit with the former's parents, Mr. and Mrs. Dan Laughlin and family at Anderson. Miss Laughlin returned home with them for a visit.

Miss Cleora Durham is spending several days with Mrs. Howard Pyke.

Miss Dorothy Mauzy was a guest of Miss Frances Little Wednesday.

Miss Freeland is visiting her grandmother, Mrs. Mattie Walters at Clarksville.

## NEWSY GOSSIP IN THE WORLD OF SPORT

TRACK AND FIELD  
EVENTS — WRESTLINGGravel Roads On Paving Program  
Are Not In The Best Of Condition

Indianapolis, Ind., July 14.—A few gravel roads of the state are not in the first class condition the public has reason to expect compared with the major portion of the secondary system, declared John D. Williams, state highway director, today and explained that it is because they are on the 1923 paving program and the commission is reluctant to spend more money than what is absolutely necessary to keep them in fair condition until they are improved.

Mr. Williams specifically referred to No. 6 between Indianapolis and Shelbyville; the Bluff road from Indianapolis to Martinsville; No. 11 between Eden and Pendleton, and No. 10 south of Terre Haute for about 12-miles. He pointed out that while secondary roads of stone and gravel usually are extremely dusty this time of the year, recent rains prevented this annoying condition in many parts of the state, and that the secondary mileage generally is in the best condition ever.

The weekly traffic bulletin of the highway commission notes that the National Road is now open west from Indianapolis to Mt. Meridian, and that by August 15 all pavement will be laid between the Capitol and Terre Haute excepting about a mile and a half which takes in two grade separations. These are at the Monon railroad crossing at Putnamville, and the Pennsylvania railroad crossing at Glenn Crossing. Bids for the latter were opened this week by the railroad company. Neither of these gaps necessitate detours, and until separations are completed the gravel surface will be kept in shape by highway maintenance forces.

According to the bulletin a detour on No. 10 north of Clinton is now occasioned by a new bridge; the Michigan road from the Marion county line to Logansport, taken into the system early in July is being leveled and smoothed and will show a splendid surface in a few days, and a new grade and fresh gravel on 13 about 8 miles north of New Castle should be driven carefully. State Road 35 is rough from Greentown east to the Howard-Grant county line, and after rain traffic should detour over a road one-half mile to the north.

The bulletin shows detours and condition of state roads to be as follows for the week of July 15-21.

No. 1 (New Albany, Indianapolis, South Bend, Michigan line)—Closed from 2-miles north of Crothersville to 51 miles north of Crothersville. Crothersville-Seymour traffic take Dudleytown detour. Detour from Scottsburg to a point 5-miles north account of construction. Closed from 4-miles north of Westfield to 3-miles south of end of concrete pavement just south of Kokomo, and from 3-miles south of Lakeville to Lakeville. Detours are well marked.

No. 2 (Valparaiso, South Bend, Ft. Wayne, Ohio line)—Closed from Ohio line to Ft. Wayne, from Ft. Wayne to Churubusco; from 5-miles east of Laporte to Laporte; from Westville to 1-mile north; from 2 miles east to Valparaiso, and from Valparaiso to 3-miles west.

No. 3 (National Road, Terre Haute Indianapolis, Richmond)—Now open from Indianapolis to Mt. Meridian. Detour on angling road northeast out of Mt. Meridian about 2½ miles to intersection with north and south road, thence south about one-quarter mile to the first road running west, thence west 2-miles to Bloomington road, thence south about ½ miles to National road. Pavement will be completed and open to traffic over the new Reelsville cut-off by August 15 without any detours. Closed 2-miles west of corporation line of Richmond with good detour marked north. Under construction from Richmond to Ohio line.

No. 4 (Mt. Vernon, Evansville, Seymour, Ohio line)—Closed between Crystal and Haysville with no suitable detour, North bound traffic from Jasper to Loogootee via Petersburg and Alfordsville. West bound traffic from Paoli to points south of French Lick turns north to Mitchell, thence west on 5. Under construction between Evansville and Vanderburg county line, and from Booneville to Huntingburg. Bridge under construction east of Vallenia: take run-around carefully. In wet weather use marked detour over county road. Grading approaches to overhead bridge at Mitchell. Heavy grading east of Versailles.

No. 5 (Vincennes to Mitchell)—Bridge construction at three places 26.

between Washington and Loogootee. Take run-around in dry weather and detours in rainy weather. Heavy traffic be careful of weakened bridge just west of Wheatland.

No. 6 (Madison, Indianapolis, Monticello)—Closed north of Fluckville to 2-miles north of Royalton, detour starting short distance out of Indianapolis. Because it is exceedingly rough Lebanon-Indianapolis traffic advised to avoid detour and take 33 east to Michigan road. Bridge under construction south of Vernon. Heavy stone near North Madison.

No. 10 (Evansville, Terre Haute, Covington)—Closed account of new bridge construction ¾ mile north of Clinton; North-bound traffic will detour to west in Clinton, thence north over county road returning to state road 1½ miles north. South bound traffic use same detour. All construction is on relocation and should be avoided excepting 4-miles south of Terre Haute, then follow marked detour.

No. 12 (Bicknell, to Martinsville)—Heavy grading and widening north of Freedom south of Spencer, north of Lyons.

No. 13 (Newcastle, Muncie, Ft. Wayne)—New Grade and gravel for one mile about 8-miles north of Newcastle. Detour to west around bridge construction 8-miles north of Muncie. Closed from Ft. Wayne south to intersection with 11.

No. 15 (Logansport to Michigan City)—Closed through town of Royal Center account of street construction; between Winamac and Knox near county line account bridge out, and between Laporte and Michigan City account construction. From Marion County line to Logansport, taken into system July 2, will have surface in smooth condition in few days.

No. 16 (Leavenworth, Corydon, New Albany)—Drive carefully because of workmen between Leavenworth and Corydon. Follow marked detour between Edwarsville and New Albany account road closed west of New Albany for construction.

No. 21 (Liberty, Richmond, Ft. Wayne)—Detour east or west, (preferably to right) at a point 3 miles north of Portlantic account bridge construction.

No. 22 (Bedford, Bloomington, Murfreesboro, Indianapolis)—Blasting between Bedford and Harrodsburg. Heavy grading south of Mooresville.

No. 24 (Palmyra, Salem, Brownstown)—Drive carefully over Millport Hill account of blasting. Heavy grading between Palmyra and Salem.

No. 25 (Angola to Ohio line)—Closed for 1-mile west of Angola to Flint.

No. 26 (Bloomington to Columbus)—Culvert construction south of Vernon. Heavy grading and culvert construction between Bloomington and Nashville.

No. 35 (Kokomo to Marion)—Course stone for 2-miles beginning 6-miles north of Kokomo. Good detour half a mile south. A little rough from Greentown east to Howard-Grant county line.

No. 37 (Westfield to Ohio line)—Heavy grading between Muncie and Sehna. Drive carefully. After rain take road ½ miles north.

No. 42 (Paoli to New Albany)—Under construction between New Albany and Floyd Knobs. West bound traffic detour to old Vincennes road, returning to state road at Galena. East bound traffic detour to left at Floyd Knobs to Spiker Knobs road into New Albany.

No. 50 (Kersey, North Judson, Culver, Argos)—Detour east of North Judson and earth portions east of Culver in wet weather.

## The Score Board

New York.—Leo Flynn, manager of one of the biggest string of boxers in the country, will succeed Frank Flanigan, resigned, as matchmaker at Madison Square Gardens, according to reports.

New York.—Frankie Jerome, New York bantam weight, won a 15 round decision from Banny Edwards, colored Pacific Coast bantam.

New York.—Johnny Dundee has been installed as 7 to 5 favorites in the early betting to take the featherweight championship from Eugene Criqui when they meet here on July 26.

## U. S. Stars in England

By PAUL R. MALLON  
(U. S. Star Correspondent)

New York, July 14.—Twenty-three American athletes next Saturday will swarm into the Queens club, London, and show the best track and field stars of Oxford and Cambridge how good the United States is.

The American team composed of 13 Yale and 10 Harvard track stars, is the best that the United States ever sent over for the combination clash. The only possible weak spots in the team are the two-mile run and the running high jump, but the Oxford-Cambridge team is not any better off in these two events, and that makes matters even.

Two former American athletes are starring with the Oxford-Cambridge gang.

Billy Stevenson, former Princeton quarter-miler and national champion at that distance in 1921, will compete in both the furlong and the quarter.

Tevis Huhn, entrant in the hurdles is an old Princeton man, too, and the

ALONSO STANDS  
IN TILDEN'S WAY

Spaniard Will Battle National Clay Court Champion For Honor in Indianapolis Sunday

## NARROWS DOWN TO TWO MEN

Finals Are Reached in Championship Play in Which Many Notables Have Been Eliminated

Indianapolis, Ind., July 14.—William Tilden and Manuel Alonso, will meet on the Woodstock court here tomorrow in the finals of the national clay court tennis tourney.

It is going to be the game of a lifetime for Indianapolis tennis fans. Tilden is out to get the Spaniard, wallop him good and let the world know emphatically that William Tilden II of Philadelphia is not slipping a cog.

And Alonso, smooth, easy going champion from the tennis courts of old Spain, is just as sure he can beat Tilden more decisively than he did in the Illinois tennis finale a week ago.

Both players won their way to the finals only after they had fought hard matches yesterday afternoon.

Alonso beat Wallace Johnson, of Merion, Pa., 2-6, 6-2, 5-7, 6-2, 6-1. The Spaniard was not up to form in the early stages of the match, and he climbed out after a close call.

The last two sets were brilliantly played by Alonso, who had things pretty much his own way.

Tilden, in his match with Robert Kinsey of San Francisco, was fervous and high strung. He was playing with an effort. He didn't like the cheering of the crowd, and the hissing noise of pop bottles being opened unseated him.

Kinsey gathered in the second set when the Philadelphia champ blew up completely. Tilden strengthened in the third, but dropped the fourth. Toward the end of the fifth he showed some of his old-time steam.

The score was 6-3, 6-0, 5-7, 6-2, 6-1.

## SHOOTS FORMER EMPLOYER

Jeffersonville, Ind., July 14.—Earl Warner, a former patient at the Indiana village for epileptics, shot his former employer, Claude Rice, because he was infatuated with Mrs. Rice and the husband frowned on the attempt of Warner to win a soul mate. Warner is under arrest. Physicians say Rice's wounds are not serious.

## FOR STEALING AUTO

Wabash, Ind., July 14.—Joseph Jones is under arrest here today on a charge of stealing an auto in Missouri. Jones asserts that a companion stole the auto, but he admits that he came to Indiana in the machine. The companion is being sought in Indianapolis.

## WANTED EXCITEMENT

Green castle, Ind., July 14.—Donald McPerson, alleged pyromaniac, was under arrest today on a charge of setting fire to a residence here.

Police say they have a signed confession from him in which he admits starting the fire because he wanted excitement.

British are enthusiastic over his form.

Abramsan, the English sprinter, is one of the best developed there in recent years, the London sport writers say. In the recent Oxford-Cambridge dual meet he defeated Stevenson in the 440-yard run, after winning the 100-yard and the broad jump.

Miligan, another Englishman, is always good for 1:56 in the half-mile and close to 4:20 in the mile.

The Americans are led by Chapman and Gage, quarter milers; Hullman and Durant, hurdlers; Comins, Rusnak, Eastman, Schlopp and Douglas. The latter five are expected to do most of the scoring.

The scene of the Olympic games of 1924 will be finished soon at Colombes, France. The seating capacity of the stands will be 70,000, the French Olympic committee announces.

Special arrangements are being made in the construction work to care for the comfort of the scores of athletes gathered from all over the world.

## DRESS NOTIONS

By HEDDA HOYT  
(Written for United Press)  
New York, N. Y., July 14—NO GIRL WEARS HER HEART on her sleeve these days. But the practical tennis girl wears her cute little handkerchief on her sleeve. She has a tiny pocket made in the sleeve of her crepe de chene dress, a dress, whose chief attractions are color, short sleeves, batiste neck and full skirt gathered into an elastic waistband.

Color has taken possession of the tennis court, as white has been declared taboo because it is unbecoming to most girls and because it soils so easily. The head bandage matches the shade of the tennis frock this year and no hats are worn except, now and then, a soft little affair of white felt. Yellow, tan, jade and old blue are favorite colors of the tennis girl.

Few years ago no one would have planned a trip without first planning the traveling suit and purchasing several white blouses. While the traveling suit is still worn by winter tourists it has no place in the wardrobe of the summer traveler. Nothing could be more uncomfortable than a tailored suit with a white blouse for traveling in the summer months. One needs clothes with loose lines and with sleeves loose at the armpits and the dark one-piece dress has both of these qualifications. Of course there must be an accompanying jacquette, a short cape or a top coat as the wearer prefers.

For an ocean voyage I should recommend a topecoat, two dark gowns, one of silk crepe and one of a light weight cloth material, two dinner dresses of lace or some equally uncrushable material, a dancing frock and two sport jacquettes with separate skirts for morning wear. This list can be augmented according to one's pocketbook but it should prove adequate for any ocean voyage of ten days.

Felt hats are considered quite as smart if not smarter than straw hats this summer, but if the warm days continue it is hoped that we will see less of them. Any hat that heats the head is undesirable, as nothing does more toward making the hair fall out. We are all inclined to lose hair more freely in summer than in winter months and we should do all that we can to prevent unnecessary falling of the hair.

IT IS TIME TO DROP THE HANDKERCHIEF! Aren't we getting just a little weary of the handkerchief trim? Dresses with handkerchief collars, hats with handkerchief drapes, blouses made of handkerchiefs, sashes made of handkerchiefs, bathing suits made of them. Isn't it time to "drop the handkerchief"? Let it go back to its old original duty!

## AUTO HITS TRUCK AT CROSS ROADS

Continued From Page One  
enants of the roadster were severely shaken up, and thrown around the machine, and it is regarded as miraculous that the baby escaped without being seriously injured.

Following the accident, Dr. Lampert of Milroy was called, and he attended to the injured parties. Mrs. Headlee was suffering from a hemorrhage as the result of the scalp wound, and after being given first aid treatment, she was rushed to the local hospital.

Although she was unconscious for several hours, she rallied in the night and this morning her condition was most encouraging, according to Dr. M. C. Sexton, in charge of the hospital.

## FRANKFORT MAN NAMED

Lafayette, Ind., July 14.—B. F. Lowe, of Frankfort, was elected president of the Indiana vocational agricultural teachers at their annual meeting here. W. C. Kohl, Greenfield was chosen vice-president, E. L. Austin, West Lafayette, secretary and R. W. Covert, Goshen, treasurer.

## TRIAL IS POSTPONED

The case on an account, scheduled for trial today in Justice Steel's court, in which Albert Norris was plaintiff and Robert Jones and Sarah Jones were defendants, was continued this morning, and will be tried on Wednesday afternoon at 1:30 o'clock.

## KNIGHTS TEMPLAR MEETING

Rushville Commandery No. 49 K. T. will hold their regular stated meeting Monday evening beginning at 7:30.

North Judson—Charles Hueska, town treasurer, was killed when a rifle he was cleaning was accidentally discharged.

## Evelyn Today

This is the latest photo of Evelyn Nesbit, former wife of Harry Thaw. She is ready for a dip at Atlantic City where she appears nightly in a cabaret of which she is part owner.

## Society

Mrs. Hugh E. Manzy was to entertain several friends of her daughter Janet, this afternoon, on the occasion of the little girl's seventh birthday anniversary.

Mr. and Mrs. O. E. Humes will entertain several guests at their home on North Main street Sunday, honoring Mr. and Mrs. Scott Buell, recently married. Among the out-of-town guests will be Mr. and Mrs. Robert Humes of Indianapolis.

Mrs. Homer Havens entertained Friday with a one o'clock luncheon at her home in North Perkins street, for the members of the Thimble Club. The appointments for the luncheon table were carried out in pretty bouquets of summer flowers. The ladies enjoyed the remainder of the afternoon over their needlework.

The Misses Thelma and Martha Fanning entertained with a pitch-in 6:30 dinner party Friday evening on the Innis & Pearce factory lawn in West Seventh street, honoring their guest, Miss Katherine Colson, of Waco, Texas. The delicious dinner was served on a long table placed on the beautiful lawn at the factory, and covers were laid for twenty-four guests.

## The Universal One-Piece Dress

It's a universal style—the one-piece dress. For summer it is shown in striped or plain wash silk, figured foulard, crepe de chine, printed silks and wash materials.

## WHAT'S GOOD TO EAT IN HOT WEATHER AND WHEN TO EAT IT

(By United Press)

New York July 14—The human body requires food to generate energy in warm weather as well as in colder temperatures, but not so much and an entirely different character, according to a statement issued by the health department, in an effort to relieve suffering from summer heat.

Food chemists can figure accurately the amount of food necessary for persons in all various occupations. But few people know how to supply their bodies with fuel energy in the heated season. Many books on food products, it is suggested, has a table the use of which will help provide such forms for a family in all seasons, especially during the warmer weather.

Persons engaged in hard labor require meat but during the summer it should be used very sparingly. Otherwise indigestion may result.

Water is an essential and from 6 to 8 glasses of liquid should be consumed each day.

Hard foods, the chewing of which stimulates secretions, are a necessary aid to digestion. Raw fruits, fibrous vegetables, nuts, toast and crusts of bread are suggested.

Suggested menus follow:

Breakfast—Loaf bread (eschew hot bread and biscuit during heated season); cereal, package variety preferable (hot oat meal is decidedly heating); use butter sparingly; grape fruit, orange juice, cantaloupe or other seasonal fruits, or stewed fruits such as rhubarb, prunes, apricots or baked apple.

Dinner, the health department suggests, should be the mid-day meal, if possible, but if inconvenient during the week, should be made the order

## SAFETY SAM

It does look like it'd finally soak in to th' minds o' some drivers that it'd pay t' slow down occasionly an' save a few lives, instead of always speedin' up t' save a few seconds!

## THE OLD HOME TOWN By Stanley

## CAN MONEY STIMULATE AMBITION? PHILANTHROPIST SEEKS ANSWER

Passaic, N. J., July 14—Can cash bring out genius?

Can money stimulate ambition?

Julius Forstmann, wealthy philanthropist, and his wife wanted to find out. So they set aside a fund of \$250,000 to assist the youth of the country "to attain to a large measure of self-realization and social usefulness."

And now they are swamped with applicants. So great has the rush become that a special office has been

"The fund is not an endowment with only the interest available," says Forstmann. "It is a working capital, every last cent of which will be used. Neither will it be limited necessarily to \$250,000."

"I want to assist boys and young men who are hampered by financial circumstances to attain their ambitions. If they have ability and character I believe I can help them. At the same time I want to perpetuate the influence for intelligence, integ-

ry and industry which would have been my son's had he been permitted to live."

## T. B. EXHIBIT BEING SHOWN

## Indiana Board of Health Conducting Exhibit in Bloomington

Bloomington, Ind., July 14—The travelling tuberculosis exhibit of the Indiana State Board of Health, is being shown in Bloomington all week.

Dr. W. F. King, secretary of the board, is in charge of the exhibit.

He is working in conjunction with

Mrs. Hubert Beck, secretary of the Monroe county Anti-Tuberculosis association.

In connection with the exhibit,

Mrs. Mary A. Waldron, secretary-treasurer of the Bloomington Public Health association, has prepared a number of charts showing "how the disease spreads through families".

The purpose of the charts is to make the public realize the necessity for sending the member of the family

## GOING UNDER ORDERS TODAY

## Rushville Guardsmen Leave For 2 Weeks Training Sunday

Rushville guardsmen, members of Company C, were to go under orders this afternoon at the armory in preparation for their two weeks training course at Camp Knox, Ky., and all was in readiness for the 55 members to leave in the morning at 11 o'clock over a special train on the Big Four.

Another special train over the Pennsylvania railroad will reach this city at 11:30, coming through from Ft. Wayne, and bearing troopers from the north, including the Newcastle, Angola, Portland and Richmond companies.

loss, three out of five children have tuberculosis and two of them are now in the Indiana State Tuberculosis Sanitarium at Rockville.

## LACK OF LIGHTS ON CAR CAUSES ACCIDENT

Two Boys Repairing Car Parked Near Greensburg Seriously Injured When Hit By Automobile

## DISPLAY OF LIGHTS URGED

Indianapolis, Ind., July 14—Lack of lights on their car parked at the side of State Road 6 near Greensburg, was responsible for two young men of that city being seriously injured according to a traffic accident report just reaching the state highway department.

Details gathered in the highway office show that the young men pulled to the side of the road to repair a flat tire. A car approaching from the rear and about to meet another machine coming in the opposite direction was running with the dimmers on. The driver failed to note the presence of the parked car, owing to absence of light struck it and it was hurled onto the two men repairing the tire. Both were seriously injured and unconscious for many hours.

State highway officials are doing all in their power to make state roads safe, but they must have the cooperation of the public, A. H. Hinkle, superintendent of maintenance, contends. No one should attempt to park along a heavily travelled road at night without displaying a light. While this accident is very regrettable, yet it appears obvious from information reaching the department that the injured parties were responsible. The car approaching with dimmed lights was operated according to law for the driver was trying to pass the approaching car and had reduced his lights so as not to embarrass the driver. Had the parked car displayed a tail light it is very probable the accident would have been averted.
